IRRIGATION DEPARTMENT.

The 8th June 1915.

No. 9.—Notification.—The following draft of (1) rules and (2) schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of all previous notifications on the subject, the Governor in Council intends to make and fix for the line of navigation known as the Madaripur Bhil channel and the Lower Kumar river as defined in Notification No. 128, dated the 26th June 1900, and Notification No. 162, dated the 22nd July 1902, paragraphs 17 and 18, is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 22nd July 1915 and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

F. A. A. COWLEY,

Secy. to the Govt. of Bengal.

Draft Rules.

1. Every vessel passing through the line of navigation known as the Madaripur Bhil channel shall stop at the prescribed toll-stations notified in the Schedule II attached for the purpose of assessment, or check, of toll charges.

2. For the purposes of these rules, vessels other than rafts, timbers, bamboos or other floating material shall be divided into two classes as below :—

Class I.—To include all vessels of the usual native types of build.

Class II.—To include all steamers, flats and barges, and such other square-built boats as should, in the opinion of the Collector of Tolls, be included.

3. The net tonnage of every vessel of class I, whether laden or empty shall, for the purposes of these rules, be determined by the following measurements :—

(A) The product of one-quarter the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the interior greatest depth from the water-line to the bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

(B) The measurement of the length is to be made in feet, rejecting inches; the measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting portions of less than a quarter of a foot.

(C) The maundage on which tollage shall be charged shall be a simple multiple of $12\frac{1}{2}$ maunds, rejecting any remainder by which the maundage, calculated as above, may exceed such simple multiple.

4. For vessels in class II the tonnage shall be determined as follows :—

The tonnage of steamers shall be the registered tonnage as given in the certificate of survey of the steamer.

Toll shall be levied on the actual weight of cargo carried on steamers, flats, barges and other vessels included in this class, as declared in the manifests.

When the registered tonnage of a steamer, or the manifest for cargo of a flat is not available, the tonnage will be taken as arrived at under rule 3.

For square-built boats the total maundage, as determined under rules for class I, shall be increased by half, and for steamers one-third of the total maundage shall be deducted for engine space.

5. Every vessel except as exempted under rule 10 shall be furnished at the toll-station of entry with a ticket on which the name of the serang

manjhi or other person in charge of the vessel, the date of entry, the maundage of the vessel, the nature and weight of the cargo it contains, the amount of toll charged and the number of days for which the ticket will remain current shall be entered.

6. This ticket may be demanded and checked by any navigation officer while the vessel is within the toll-limits of the Bhil channel and must be kept on board and at hand for that purpose. The ticket must be given up at the exit toll-station. If the ticket is not produced on demand by a canal officer, such officer shall assess the amount of toll payable and the vessel will be liable to seizure and detention under the provisions of section 9 of the Act until such sum is realized.

7. Vessels leaving the channel between two toll-stations shall obtain a permit for so doing in Form No. 1 from the Toll Collector of the toll-station of entry. In such cases the Toll Collector will issue a ticket in the usual form and also collect the same before the vessel is permitted to proceed.

8. A vessel, which has been detained under these rules or under section 9 of the Act, may not be removed from the channel without the order of the Collector of tolls until the toll due has been paid. During such detention the manjhi, owner or agent must make arrangements for the safety of the vessel and cargo.

9. All tolls are payable on demand and shall be paid at the toll-station before a vessel is permitted to proceed. Provided that the Collector of tolls appointed under section 8 of the Act may, at his discretion, permit vessels belonging to individuals or firms of recognised standing to proceed without prepayment, on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

10. (I) In the case of steamers and flats falling under the latter portion of rule 9 a copy of the traffic manifest must be handed in at the exit toll-station, a receipt for which in Form No. 2 will be issued by the Toll Collector to the person in charge of the vessel, in such cases no ticket in the usual form will be issued. If the traffic manifest is not produced at the exit toll-station the procedure as laid down in rules 6 and 8 will be adopted.

(II) The traffic manifest or the receipt for the same may be demanded by any navigation officer while the vessel is within the limits of the Bhil channels between the Manickdah entrance and Chur Maguria.

11. The term "Navigation officer" as used in rule 6 shall include the Collector of tolls appointed under section 8 of the Act, and the officer, or the subordinate duly authorised by such officer of the Public Works Department in charge of the subdivision or section within which the channel is situated.

12. Duplicates of lost tickets will be granted by the Toll Collector who originally issued the ticket on payment of a fee of one-fourth of the amount of toll payable, subject to a maximum of one rupee and a minimum of four annas. The duplicate will be issued only when the Toll Collector is satisfied concerning the identity of the boat.

13. No person shall wilfully or negligently allow a vessel to sink in the channel.

14. (1) In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor and his subordinates shall offer every assistance in removing the same.

(2) If, three days after the occurrence of a wreck, it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the Supervisor and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that when the wreck obstructs the fairway they shall take action at once to remove the same.

15. When a sunken vessel has been recovered, the Supervisor shall cause notices to be posted at the toll offices, or other prominent places, calling on those concerned to pay to the Collector of tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section 9 of the Act.

16. The purchaser of a vessel sold under the provisions of section 9 of the Act shall have the right to take it out of the channel on the day of purchase, or within such time as may be allowed by the Collector of tolls, without payment of tolls.

17. When any laden vessel, which has sunk, has been recovered, or when any laden vessel has been seized under the provisions of the Act or of these rules, the Supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

18. If the Supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 16 shall be effected by a notice exhibited in his office, and by advertisement in at least one English and one vernacular Calcutta and local newspaper.

19. *Lights and Signals.*—All vessels, whether travelling or moored in the channel, must, between sunset and sunrise, carry a white light in a lantern on the fore-part of the vessel where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed in the first paragraph of this rule.

20. Every vessel proceeding in the channel must limit her speed to six miles an hour from the 15th October to the 10th July, and to eight miles an hour from the 11th July to the 14th October.

21. For any infringement of rule 6, 7, 8, 9, 10, 13, 14, 15, 17, 19 or 20 the person in charge of the vessel or other persons in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 or Rs. 5 a day for any continuing infringement.

From—The Chief of the General Staff,

To—The Secretary to the Government of India, Army Department.

I AM directed by His Excellency the Commander-in-Chief in India to submit, for the information of the Government of India, the undermentioned reports on the operations of Indian Expeditionary Force "D" up to 31st March 1915:—

- (i) Report by Lieutenant-General Sir A. A. Barrett, K.C.B., K.C.V.O., on the operations resulting in the capture of Qurnah, 9th December 1914;
- (ii) Report by the Lieutenant-General Sir A. A. Barrett, K.C.B., K.C.V.O., on an engagement north of Qurnah on 20th January 1915;
- (iii) Officers, warrant officers and non-commissioned officers brought to notice by Lieutenant-General Sir A. A. Barrett, K.C.B., K.C.V.O., for good services rendered during the operations from November 1914 to 31st March 1915.

2. His Excellency considers that the operations in question were skilfully carried out and that the conduct of the troops reflects credit on all ranks. He desires to commend to the favourable consideration of Government the officers, non-commissioned officers and men whose services are brought to notice in the reports, and wishes to invite attention to the valuable assistance rendered by the Royal Navy and Royal Indian Marine.

3. His Excellency recommends that these reports be treated as despatches and published in the *Gazette of India*.

Headquarters, Basrah, No. 174-G., dated 29th December 1914.

From—LIEUTENANT-GENERAL SIR A. A. BARRETT, K.C.B., K.C.V.O., Commanding, Indian Expeditionary Force "D."

To—The Chief of the General Staff, Army Headquarters, Delhi.

I HAVE the honour to submit, for the information of His Excellency the Commander-in-Chief, the accompanying reports by Major-General C. I. Fry, Lieutenant-Colonel G. S. Frazer and Commander W. Nunn, R.N., on the operations which resulted in the capture of Qurnah and the surrender of the Turkish garrison with its commander, the late Vali of Basrah.

The force originally despatched from Basrah on the evening of the 3rd December for this purpose consisted of 2 guns of the 82nd Battery, Royal Field Artillery, 1 company of Norfolks, half company 3rd Sappers and Miners, the 104th Rifles and the 110th Mahrattas under command of Colonel G. S. Frazer. Two of the transports containing these troops were armed with 2 field guns each, to be placed at the disposal of the Senior Naval Officer as soon as the landing of the troops had been completed.

Colonel Frazer's orders were to land at a spot selected by Captain Hayes-Sadler, R.N., on the left bank of the river a few miles below Qurnah, and, acting in concert with the naval force, to clear the left bank of the enemy up to and beyond Qurnah, after which he had a free hand to decide whether to cross the river and attack the village of Qurnah, or to hold on and await reinforcements.

It will be seen from Colonel Frazer's report that the clearing of the left bank was carried out most successfully.

The enemy on this bank, after being driven from his entrenchments and from the village of Muzaira'ah, fell back to the north, while our leading troops got engaged with those holding the village of Qurnah on the right bank. Owing to the thick groves of palm trees at this spot, intersected as usual by numerous creeks, touch was lost with the retreating Turks, who were thus enabled to cross the river unmolested higher up stream; while Colonel Frazer, being unable to cross the river under a heavy fire, withdrew for the night. It will be seen from the report of Captain Nunn, R.N., that although the naval guns and the field guns on the transports were able to afford most efficient support during the first part of the action, the ships and armed launches, one of which was disabled, could not, owing to being exposed to heavy shell fire, go far enough up stream to bring an effective fire to bear upon the enemy holding this village.

I consider that Colonel Frazer accomplished all that could have been expected of him, having regard to the limited number of troops under his command. The Turks had been reinforced before the action commenced and were in greater strength than was expected.

As soon as the transports containing wounded and prisoners returned to Basrah, I ordered General Fry to take up reinforcements consisting of 4 more field guns, the remaining 3 companies of the Norfolk Regiment, the 7th Rajputs and a half battalion of the 120th Infantry.

His orders were to reconnoitre the ground thoroughly before renewing the engagement, and to let me know if he considered more troops would be required. He asked for a Mountain Battery and some transport mules, which were despatched as quickly as possible.

The further course of the action is fully described in General Fry's report and it only remains for me to express my high appreciation of the skilful manner in which they were carried out and of the excellent behaviour of the troops engaged. I consider that the crossing of the river was a most creditable performance and I trust that the gallant conduct of Lieutenant Campbell and the non-commissioned officers and men of the 3rd Sappers and Miners, who swam the river, will meet with due recognition.

I also wish to endorse General Fry's commendations of other office and men who distinguished themselves during this engagement, although as I have already mentioned in a previous report, I propose to defer bringing the names of individual officers to notice until the operations as a whole have been concluded. I much regret that the force has now lost the services of Captain Hayes-Sadler, R.N., and the officers and men of H. M. S. "Ocean," who have now rejoined their ship and quitted the Gulf.

Report on the operations of General Fry's column on 6th, 7th and 8th December 1914, culminating in the surrender of Qurnah.

THE troops despatched from Basrah on the 5th December to reinforce Lieutenant-Colonel Frazer's Column (104th Rifles, 110th Mahratta Light Infantry and section 82nd Battery) arrived at Camp Shaib at 5 A.M. on 6th December and disembarked, extending the existing perimeter camp to the north (see Sketch Map of Camp Shaib, page 20). Colonel Frazer had arranged for a reconnaissance of the enemy's position by 3 companies under Major Hill at 8 A.M., and during this I and one of my staff went on board H. M. S. "Lawrence" to confer with Sir P. Cox and Captain Hayes-Sadler, Senior Naval Officer.

The enemy had re-occupied Muzaira'ah after Colonel Frazer's operation of the 4th December and appeared to be actively engaged in entrenching the position.

At 10-30 A.M. the enemy opened fire with 2 guns from the southern end of Muzaira'ah on Major Hill's reconnaissance, firing about 6 groups of 2 shots of well-timed shrapnel, and at 11 A.M. opened on the "Lawrence" firing 6 groups of 2 shots. They appeared to be ranging new guns.

The reconnaissance returned to camp, while the "Lawrence" withdrew a short distance down stream.

At 2-30 P.M. the Senior Naval Officer reported that about 500 enemy with 2 guns were advancing from Muzaira'ah across the plain. The 110th were sent forward to reinforce the outposts with 2 sections, 76th Battery, Royal Field Artillery. After some brief long range fire the enemy retired, and beyond a small affair of outposts just before dusk, when the enemy advanced

too close, necessitating the reinforcement of the outposts by 1 double company, there was no sniping or other disturbing element during the ensuing night.

From my intelligence it appeared that the enemy had been considerably reinforced since Colonel Frazer's action on 4th, and were now estimated at 1,200—1,500 about Muzaira'ah with 6 guns, and about 800 in Qurnah with 4 guns.

As any forward movement from Muzaira'ah would enable the enemy to shell the camp (though the danger was a night one only) and to prevent any further reinforcement to the enemy, I decided that an early attack on Muzaira'ah, with the clearing of the left bank of the Tigris river, was essential to further operations. This, however, would have been ineffectual unless I was prepared to remain in possession of captured ground. The opening of a short line of communication to Shaib Camp would be essential, and consequently 320 mules were wired for, being the minimum estimated requirement. (For the working of this line see Appendix "A".)

December 1914.

On 7th December, the force (Appendix "B"), less one $\frac{1}{2}$ double company per battalion and details of other units left in camp, assembled on the further side of the creek just north of the camp at 9 A.M. Considerable delay occurred owing to difficulties experienced by the field artillery in crossing this shallow creek, filled by an exceptionally high tide.

My plan of attack was for the 2nd Norfolk Regiment and the 120th Infantry to attack the village of Muzaira'ah and the trenches south of that place, while the 110th Light Infantry, echeloned back on the right of the 2nd Norfolk Regiment, was to carry out a turning movement against the north of the village, the 7th Rajputs and 104th Rifles being held in reserve. The section, 82nd Battery, was directed to support the left attack, the 2 sections, 76th Battery, Royal Field Artillery, the right attack. The Mountain Battery and transport mules asked for had arrived at camp; and I must here express my thanks for the prompt despatch of these, the latter being especially necessary for my plans. The 30th Mountain Battery at once joined the force for the action, and was placed between the field batteries to support either flank as required.

Close co-operation had been arranged for with the Senior Naval Officer. For the distribution of troops and subsequent movements see Sketch Map of action of 7th December, page 21.

The advance commenced at 11 A.M. over an absolutely level and bare open plain without a vestige of cover, and at 11-15 A.M. 82nd Battery opened fire on Muzaira'ah at a range of 2,750 yards.

Ten minutes later the enemy opened rifle fire from the village and trenches covering it, and at 11-45 A.M. the 76th Battery, Royal Field Artillery, came into action at 3,800 yards range. Two of the enemy's guns then opened fire on the 76th Battery from the north end of Muzaira'ah, the flashes being visible, but they were silenced in 10 rounds and did not re-open fire, being subsequently captured intact.

The infantry were meanwhile steadily advancing and all artillery advanced to closer ranges. As the infantry came into action each line successively dropped their blankets to facilitate movement and these were collected after the action.

The 2nd Norfolk Regiment and 120th Infantry came under some enfilade fire from trenches on the enemy's right, but the prompt switching of fire on to that flank by the 82nd Battery and guns from the ships, combined with vigorous action on the part of the 120th Infantry reinforced by a double company 7th Rajputs, with Maxim guns, effectually checked any danger from that direction.

Meanwhile the 110th Light Infantry executed their turning movement against trenches on the north of Muzaira'ah, till at 12-50 P.M. the whole of the 2nd Norfolk Regiment being now merged in the firing line, the village was stormed at the point of the bayonet, the enemy not waiting to receive the charge.

The pursuit through the palm groves was vigorously carried out by the 120th Infantry and 2nd Norfolk Regiment, while the 110th Light Infantry cleared the trenches immediately north of Muzaira'ah. The 104th Rifles followed closely after the 110th Light Infantry and, as the latter regiment swung towards the river, moved northwards clearing further trenches occupied by the enemy in their retirement. All the artillery moved round the north of Muzaira'ah and shelled the fleeing enemy.

At 2 P.M. two hostile guns opened fire from the north-north-east, the flashes only being visible. These were silenced in 7 minutes by searching fire from 76th Battery at 4,100 yards range, and teams were seen galloping away, leaving the guns. A squadron of cavalry or even a troop during this pursuit would have been invaluable, for the 2 guns could undoubtedly have been captured and probably a large body of the enemy (estimated from 1,000 to 1,500) could have been rounded up, with their line of retreat up the river bank cut.

Major Maule, 82nd Battery, had meanwhile placed one of his guns in position on the left bank of the Tigris at the northern edge of the palm groves and effectually raked the river front of Qurnah at a range of 2,300 yards.

The 7th Rajputs, except for 1 double company reinforcement to the 120th, were in reserve throughout the action.

Through the palm groves the fighting continued till nearly dusk, the enemy bringing a heavy fire to bear from Qurnah and along the river bank.

Camp was arranged for the force in some gardens between Muzairah and the palm groves, where, though within shell fire from Qurnah, it was hidden from view and covered by the glare of the burning village. By 5 P.M. all units were settling into camp (see Sketch of Camp, Muzairah, page 22) except the 110th Light Infantry, who were covering the operation from the north-west and who came in after dark. About this time two enemy's shells were burst outside the north-west corner of camp and at 9-30 P.M. 5 shells were fired over the glowing village: no damage was done and the ensuing night was devoid of incident.

The captures this day included 3 field guns, about 130 prisoners and a large number of rifles which were destroyed.

The enemy are estimated to have had about 2,000 troops on the left bank, and subsequent information places their casualties at about 200 killed and 300 wounded, but the latter is probably under-estimated. Our casualties were British officers wounded 5; Indian officers wounded 3; rank and file killed 8; wounded 112, of whom 2 have since died.

I must acknowledge the admirable support extended by the Artillery and the Navy, which seems to have paralyzed all artillery resistance.

From my intelligence this evening it appeared that about 1,500 of the enemy escaped northwards up the left bank of the Tigris and that the majority had embarked and fled north, while in Qurnah itself were some 800 regulars with 4 guns.

I decided to attempt a crossing of the Tigris without delay.

Early on the morning of 8th December the half Company (No. 17) Sappers and Miners were despatched to the northern edge of the palm groves to get a line across the river. The 104th Rifles were to reconnoitre and cover the operations from the north; the 110th Light Infantry and 2nd Norfolk Regiment were moved to the edge of the palm groves, the former to cross and the latter to cover the crossing, while the artillery moved to positions in support, and the 120th Infantry and 7th Rajputs were to distract attention opposite Qurnah itself in combination with the naval force.

The dispositions of the crossing are shown in sketch of crossing of River Tigris, page 23.

At 11-30 A.M. Havildar Ghulam Nabi swam across the Tigris with a log line accompanied by Lance Naik Nur Dad and Sapper Ghulam Haidar, and in spite of a strong current and the possibility of a heavy fire being brought on them at any moment, they succeeded in swimming the 130 yards of river and landing on the right bank. Lieutenant Campbell, R.E., then went across and the 1½" wire cable, especially brought up for the purpose, was hauled over and made fast; a difficult feat in the strong current on an ebb tide.

A dhow was secured with the assistance of two or three friendly Arabs, and being brought across, the first party of some 70 men, 110th Light Infantry, under Lieutenant-Colonel Frazer and Captain Cochran, General Staff Officer, 3rd grade, for Intelligence, successfully landed on the right bank at 1-20 P.M. under some rifle fire from dhows down stream. Though the operation was tedious, the rest of the Battalion was gradually pushed over.

Meanwhile the Navy and a Double Company of each of the 120th Infantry and 7th Rajputs were distracting the enemy's attention in front of Qurnah successfully; for the crossing did not appear to have been realized by

the enemy till too late, though some rifle and ineffectual shell fire was experienced.

The 104th Rifles had earlier reported that they could cross about $1\frac{1}{2}$ miles up stream by 3 dhows, the crews of which were friendly. They were directed to cross and come up on the right of the 110th Light Infantry for the advance on Qurnah, while the 2nd Norfolk Regiment detached half a Battalion to replace them.

The single gun, 82nd Battery, only returned the enemy's fire and it was not found necessary for the other guns to disclose themselves. One Section, 30th Mountain Battery, without mules, followed the 110th Light Infantry across the river but were not employed, as Lieutenant-Colonel Frazer, meeting with some opposition north of Qurnah, decided it was too late in the day to storm the town with the probability of street fighting.

The 104th Rifles, 110th Light Infantry and Section 30th Mountain Battery accordingly went into camp on the right bank near the flying bridge. One Double Company, 110th Light Infantry, under Lieutenant-Colonel Britton, however, moving down the right bank, did not get the order to retire, and entering the enemy's position on their right, enfiladed their northern defence and occupied three towers in this part of their position. This Double Company, being isolated, later withdrew to camp without casualty for the night.

To support this force on the right bank, the 2nd Norfolk Regiment were left to camp at the end of the palm groves on the left bank, other units resuming their camp at Mazaira'ah.

The ensuing night was devoid of incident.

Our casualties this day were 23 rank and file wounded.

At 5 A.M., on 9th December, as I was about to resume operations, I received intimation from the Senior Naval Officer that a deputation of officers from Subhi Bey, the late Vali of Basrah and Turkish Commander, had boarded H. M. S. "Espiegle" about midnight, stating that the Vali was prepared to surrender unconditionally.

I met a deputation, consisting of the Chief Staff Officer and 2 Lieutenants on board at 8-30 A.M., when arrangements for surrender were made and all movements of troops stopped.

At 1-30 P.M., accompanied by Sir Percy Cox, Captain Hayes-Sadler (Senior Naval Officer) and Staffs, I landed at the Vali's house and received his surrender, returning to him his sword in recognition of his able defence.

Meanwhile the 104th Rifles and 110th Light Infantry had moved into Qurnah, and piquets were posted round the town, the remainder of the battalions being drawn up round the Turkish force which had fallen in with piled arms on the open square at the south corner of the town.

At 2-30 P.M., the Union Jack was formally hoisted and the transference of the prisoners to the paddle steamer "Blosse Lynch" was proceeded with. The details of ordnance and prisoners taken at Qurnah are shown in Appendix "C."

General remarks and recommendations.—I cannot speak too highly of the conduct of the troops throughout these operations and their steadiness under heavy fire. Their tactical formations were admirably adapted to the ground which afforded no cover, and the units were handled with marked ability.

My thanks are due to Captain Hayes-Sadler, R.N., for his very close co-operation with his naval force throughout these operations, which was of invaluable assistance.

The fact that there were so few casualties was due to the splendid co-operation of the field and mountain artillery. Their fire was rendered very difficult owing to mirage, but in spite of this they maintained an accurate fire on the enemy's trenches right up to the moment of assault. They also immediately silenced any of the enemy's guns which opened fire. *Major St. T. B. Nevins*, 76th Battery, Royal Field Artillery, acted as Commander Royal Artillery and directed this co-operation with great skill and ability. *Major St. J. Maule*, 82nd Battery, Royal Field Artillery, throughout showed great initiative, and his action in bringing a gun to bear on the river front of Qurnah on the 7th and 8th December had much to do with the decisive issue of the operations.

Major H. J. Cotter, 30th Mountain Battery, and *Captain E. V. Sarson*, 76th Battery, Royal Field Artillery, gave valuable services.

No. 98166 *Battery Sergeant Major H. E. Haggett*, 76th Battery, Royal Field Artillery, is noted for exceptionally able and energetic assistance.

No. 17 *Company, 3rd Sappers and Miners*.—I cannot speak too highly of the services rendered by this half Company throughout, under the command of *Lieutenant R. C. Lord, R.E.* They have had very hard work and their devotion to it has been of incalculable assistance.

Major H. E. Winsloe, R.E., acted as my A. C. R. E. and ably directed the operation of bridging the river Tigris.

Havildar Ghulam Nabi, No. 2632, swam across the Tigris with a log line accompanied by *Lance Naik Nur Dad, No. 3743*, and *No. 3898 Sapper Ghulam Haidar*. There was a strong current in the river which was about 130 yards wide, and the enemy were occupying the opposite bank only a short distance down stream. Although they were not fired on, there was every reason to expect they would be, as the ground on the opposite bank was densely wooded and favoured the approach of an enemy. It was owing to their gallant action that the steel cable was got across and the flying bridge constructed. I recommend *Havildar Ghulam Nabi* for the "Order of Merit" and *Lance Naik Nur Dad* and *Sapper Ghulam Haidar* for the "Distinguished Conduct Medal."

Lieutenant M. G. G. Campbell, R.E., deserves special recognition for his gallant crossing over the Tigris, holding on to the log line only, when a strong current was running, to superintend the hauling over of the steel hawser and fix the running tackle for the flying bridge—he was for some time under fire while performing this difficult operation.

2nd Battalion, Norfolk Regiment.—This fine Regiment has throughout been an example to others, both in the field and in camp. Their cohesion and the precision in their movements showed that they have attained a very high standard of efficiency in their peace training, the credit for which is due to *Lieutenant-Colonel E. C. Peebles, D. S. O.*, who has commanded the Regiment with marked ability and energy.

Captain W. J. O'B. Daunt (severely wounded) proved himself a gallant leader.

Captain and Adjutant G. de Grey was particularly conspicuous in taking messages to the firing line, and conveying ammunition to it when it was running short.

Lieutenant H. S. Farebrother for bold handling of his machine gun section over absolutely open ground.

No. 5008 *Sergeant W. Butley* (twice wounded) for work with machine

No. 5223 *Lance Sergeant L. Snell*

.. 5973 *Sergeant A. Cornwall*

.. 7226 *Lance Sergeant Leveridge*

.. 7345 *Corporal W. Fristin*

.. 7521 *Musician Mullinger*

.. 7784 .. *Sharpe*

.. 8019 *Private A. Dawson*

.. 8365 *Private F. Pryor*

.. 8632 .. *A. George*

} for exceptionally gallant and useful work during the attack on Muzaira'ah.

} did particularly well, attending to Captain Daunt when wounded.

Captain D. Arthur, I.M.S., was particularly conspicuous in attending Captain Daunt and other wounded when exposed to heavy fire and throughout the action.

7th Rajputs.—This Regiment was held in reserve throughout, but one Double Company under *Lieutenant-Colonel Parr* did well when it reinforced the 120th Infantry.

Lieutenant W. L. Harrey.—For the very efficient manner in which he brought up his machine gun section in support of the 120th Infantry; he was wounded just after adjusting a jam in one of his guns.

Subadar Brijmohan Singh—handled his company in a very efficient manner when brought up in support of the 120th Infantry and acted throughout with conspicuous bravery and coolness.

104th Rifles.—This regiment has been engaged in every action which has taken place during this campaign and has met with very heavy casualties. Their work under my command during these operations has throughout been excellent and quite up to the fine traditions of the Regiment. During the action of the 7th they were in reserve, but were thrown in towards the end of the action and carried out the pursuit well.

On the 8th *Lieutenant-Colonel C. B. Clery* showed great initiative in securing the 3 dhows up stream and his action greatly facilitated the rapidity of crossing.

Captain H. M. Butler (severely wounded) for exceptional skill and gallant leading of his Double Company in the attack on Muzaira'ah.

Sub-Assistant Surgeon Punait, I.S.M.D.—During the attack on Muzaira'ah on the 7th December 1914, Rifleman Ghos Mahammad was shot by an Arab, who was hiding in one of the huts. Sub-Assistant Surgeon Punait called on a sepoy of another regiment to enter the hut and clear it. The sepoy seemed reluctant to do so, and this Sub-Assistant Surgeon took his rifle and bayonet, entered the house and closed with the Arab. The sepoy followed and between them they killed him. He has also shown exceptional bravery in attending wounded under fire.

110th Mahratta Light Infantry.—This Regiment carried out the turning movement on the enemy's left flank on the 7th with great intelligence and dash and worked well on the 8th.

Lieutenant-Colonel T. X. Britten.—His action on 8th December 1914, in capturing 3 towers on the right of the enemy's position at Qurnah, shows him to be a resourceful and dashing leader.

Captain K. E. Cooper showed great dash and bravery attacking through the north end of Muzaira'ah. He approached one small house from which fire was being kept up, climbed a wall at the back and shot 4 Turks, who were occupying it, with his revolver.

Subadar Hari Savant and Jemadar Vishnu Ghone for conspicuous coolness and ability in handling their Half Double Companies on 7th and 8th December 1914.

No. 2089 Lance-Naik Bhan Sawant (since killed), a young soldier who showed much dash and spirit in command of the scouts of his company.

No. 1148 Lance-Naik Haider Beg, a signaller, who on two occasions signalled an important message from the firing line to the artillery, standing up fearlessly in the open under heavy fire, doing so, as he could not see properly in any other position.

120th Rajputana Infantry.—This Regiment, consisting of only Headquarters and 2 Double Companies, acted with great boldness and spirit on our left flank and ably supported the 2nd Norfolk Regiment when the latter came under enfilade fire from the enemy's right.

Lieutenant and Adjutant W. L. Miskin showed great dash and capacity. After Captain Macready was wounded he took command of that officer's Double Company and handled it well, having twice to change direction to meet enfilade fire, and on each occasion succeeded in turning out the enemy.

Subadar Dunga Rawat for conspicuous bravery and coolness in handling his Half Double Company.

No. 978 Havildar Gunesb for marked capacity as a leader.

Medical Services.—The Field Ambulances under *Major E. Bennett R. A. M. C.*, worked with great devotion on the 7th and were under shell fire for a short time that night.

Transport.—I must recognise the good work done by the portion of the 10th Mule Corps under *Jemadar Allah Din* and endorse the recommendations to notice of individuals mentioned in paragraph 12 of Appendix "A."

Headquarters.—Finally I would bring forward the names of *Captain E. G. Dunn*, Royal Irish Rifles, my Brigade Major, who again gave most valuable and energetic assistance in the working out of the details of the operations. His clear conveyance of my orders materially assisted in the successful issue of the operations. Also *Captain W. F. C. Gilchrist*, 52nd Sikhs (F. F.), my Staff Captain, who again proved himself an able, energetic and resourceful Staff Officer; he in the absence of either a Supply or Transport Officer organized and maintained an unfailing supply to the troops from my original camp at Shaib.

Captain H. G. Morrell, 119th Infantry, in command of the 18th Brigade Section of the 34th Divisional Signal Company, carried out his duties under difficult circumstances very ably and with untiring energy.

Captain G. W. Cochran, 81st Pioneers, General Staff Officer, 3rd Grade for Intelligence, worked unsparingly and the information he collected turned out to be very accurate. He also gave me much assistance in other ways.

APPENDIX "A."

Report on the working of the transport between Shaib Camp and Muzaira'ah.

1. On arrival at Shaib on the morning of the 5th December 1914, General Fry decided to get up three hundred mules, his intention being, when the village of Muzaira'ah was captured and the troops reached the left bank of the Tigris, to maintain himself there and attempt to cross above Qurnah.

2. A demand for 320 mules was therefore sent to Basrah at 1 P.M. on December 5th.

3. These mules (320) arrived on the morning of the 7th at 7 A.M. They were disembarked by 9 A.M.

4. I ordered them to feed and saddle up at 12 noon. Captain Lanyon of the Norfolk Regiment was put in charge of the mules to distribute them. I gave him a distribution list showing how mules were to be allotted.

5. At 1 P.M. orders were telephoned to camp to load up the mules as it was seen that Muzaira'ah would soon be in our possession.

6. About 4-30 P.M. the mules began to arrive in Camp Muzaira'ah. As it was getting dark and spasmodic firing was going on the confusion was considerable.

All the mules were unloaded however, and in the dark assembled by the duffadars and taken back to camp.

This evening the Regiments got each—

16 loads rations.

8 „ ammunition.

8 „ tools.

8 „ cooking pots.

some kits.

and so were amply provided for.

7. The orders for the 8th, 9th and 10th were to send up one day's rations each day.

8. As it was feared that the horses might not be able to get full forage rations on 8th, 100 loads of forage were sent for and arrived after dark on 8th.

With them came 48 mules for duty in Muzaira'ah as 1st line mules in case of a further advance across the river. The mules this day therefore did a double trip.

9. There being ample forage in camp, the mules on 9th and 10th only brought up men's rations from Shaib, while 48 mules assisted in carrying up kits of units as they were sent across the Tigris.

10. Eventually all the mules were taken to the right bank of Tigris on the 12th, having been used to ration the troops left on the left bank and to bring up the remains of kits left in camp.

11. On the 8th, when two units were passed over to the right bank, all available mules and the 30th Mountain Battery baggage were used to send up their kits, so that by the evening the troops across the river were rationed and had their blankets that night.

12. Captain Lanyon speaks very highly of the work done by *Jemadar Allah Din* who commanded the mules. His work was of the greatest help.

The Kote Duffadars:—

2193 Busaki Ram.

6417 Jamal Din.

205 Mir Dad.

were of the greatest help to me in collecting their mules in the dark and in constantly moving backwards and forwards.

The men, of whom I saw a certain amount, were cheery and worked well, and though they were under spasmodic shell fire on 7th and 8th and had to cross the plain where bullets, though spent, were falling, behaved very well indeed.

APPENDIX "B."

ORDER OF BATTLE.

Major-General C. I. Fry's Column on 7th December 1914.

*Copy of Report by Lieutenant-Colonel G. S. Frazer, 110th Mahratta Light
Infantry, Commanding, Qurnah Column, on the operations of the 4th
December 1914, dated Camp Um Rash, 5th December 1914.*

I HAVE the honour to report as follows on the operations yesterday.

2. My Staff Officer, Captain Branson, who was wounded, has already taken to you most of the details, and I sent you a wireless in code last night.

3. The disembarkation yesterday morning was carried out quickly and without confusion.

Two small creeks delayed the advance of the column till they could be rendered passable.

My Advance Guard was, in the first instance, directed so as to pass well to the east of Muzaira'ah.

As all the scouting had to be done with Infantry, the advance was not very quick.

It was first reported that there was no enemy in Muzaira'ah and I then changed the direction of the Advanced Guard so that their right passed to the east of Muzaira'ah.

It was then discovered beyond a doubt that the enemy were in position along the edge of the date palms (*see* Sketch, page 24) between Muzaira'ah and Qurnah.

I directed the Advanced Guard to clear the village and brought up the other $\frac{1}{2}$ Battalion of the 110th on their left, and attacked the enemy on their left flank.

It then became known that Muzaira'ah was occupied by the enemy.

I sent the Norfolks, 1 D. C., to support the $\frac{1}{2}$ Battalion 110th attacking the village.

Eventually the Sappers and Miners also joined the right attack.

The village was cleared and also the trenches in front of the date trees, where the 110th captured 69 prisoners and 2 abandoned field guns (9 prs.).

In the meantime, the ships had been shelling Qurnah and the date groves, and the Royal Field Artillery Muzairah, and the practice of all guns seemed to be excellent.

The troops after this did not come under shell fire, but the rifle fire opposed to them was considerable.

When the troops entered the date grove I reinforced the left half of the 110th by ½ Battalion of 104th, and the enemy was driven back to the Tigris river, where they quickly effected a crossing by means of boats arranged as flying bridges.

At 2-10 P.M. I ordered a retirement to the place near where we disembarked and there formed camp.

After my Infantry entered the date grove my Field Artillery was unable to render any further assistance.

The Tigris east of Qurnah is from 200 to 300 yards wide and field guns cannot operate against Qurnah owing to the date trees.

My retirement to camp was well and steadily carried out.

I am of opinion that until guns can be brought up to demolish the houses of Qurnah, the only way to effect a landing would be to do so with country boats north of Qurnah.

All the troops under my command performed their duty most thoroughly.

Captain Branson, 110th Mahratta Light Infantry, my Staff Officer, afforded me the greatest assistance and was wounded shortly after I had decided to retire, while I was issuing the orders.

I attach a report from the Officer Commanding 104th.

The Officer Commanding 110th reports as follows :—

“Of the officers who came under my observation I should like to particularly mention Major Hill and Lieutenant Hind in the Company firing line, and Lieutenant Ball who handled the machine guns most efficiently.”

No. 959 Lance-Naik Apa Bagive displayed great bravery during the attack on the enemy's position in the date groves, and in the subsequent advance towards Qurnah. He was carrying the flag on the left of the line in order to indicate the position of the line to the warships. The flag was a very conspicuous mark, and drew a heavy fire from the enemy. Lance-Naik Apa Bagive carried the flag absolutely in the open. Had he taken cover, the flag might not have been visible.

I am sending down all prisoners on “Blosse Lynch”, “Malomir” and “Medijieh” under command of Captain Bayley, Royal Field Artillery.

APPENDIX “D.”

Report by Lieutenant-Colonel C. Clery, Commanding 104th Rifles, to the Staff Officer, Qurnah Column, dated 5th December 1914.

As requested, I have the honour to forward the names of the following officers and men of the regiment under my command, who were conspicuous for their gallant conduct during the action on the 4th instant opposite Qurnah :—

Captain E. G. J. Byrne.—This officer in the face of a heavy and accurate fire brought his machine guns right up to the firing line on the river bank opposite Qurnah. From here his fire was so galling to the Turks that they brought up a field gun and endeavoured to silence the machine guns. Several of the shells hit the parapet where the machine guns were; notwithstanding this, Captain Byrne kept his guns in action, and did not retire from his position until ordered to retire. This officer on two previous occasions on which the Regiment has been in action, has brought his detachment forward most intelligently and gallantly. On this occasion he received one bullet through his helmet and one cut his puttee.

2. Subadar Ghulam Rasul.—This Indian Officer was conspicuous for the gallant manner in which he led his men forward in the face of a heavy accurate and short range fire from the Turks.

This officer was subsequently killed.

3. Jemadar Kishna Ram—Conspicuous pluck under fire, and assisted a wounded man to rear under heavy fire during the retirement.

4. No. 2317 Lance-Naik Guman Singh.

5. „ 2856 Rm. Khota Ram.

6. „ 2578 Rm. Dhanna Ram.

7. „ 2090 Rm. Maula Dad.

8. When ordered to retire, the two machine guns had to be carried by hand some 250 yards back to the mules under heavy fire. Not having enough men to take away all the ammunition boxes as well as guns, the machine gun officer asked four men to return to the position and recover the ammunition boxes. They did so under a heavy gun and rifle fire and brought back all the boxes to the mules, although the troops had left the trench.

9. No. 2435 Havildar Mohru Ram, when left in command of a long mixed firing line, performed meritorious service in controlling this line and opening very heavy, accurate fire on the Qurnah position, thus keeping the enemy's fire down while other parts of the firing line retired.

10. No. 1615 Reservist Jhonta Singh, "B" Coy.—Meritorious conduct during the retirement from the river, in carrying Rm. Jai Singh, who was severely wounded through the chest, on his shoulders for 600 yards under heavy fire, over a number of water nullahs, finally handing him over to some dhoolie bearers.

Reservist Jhonta Singh was previously recommended by his Double Company Commander for good work during the action of November 15th, when he carried ammunition forward to the firing line from mules that had fallen into a canal.

11. No. 2263 Bugler Narsu Singh, "A" Coy.—For meritorious conduct in taking written orders regarding the retirement under a heavy fire along the firing line on two occasions—once to extreme right and again later on to the machine guns on the left.

12. No. 3211 Rm. Sobh Singh, "A" Coy. and No. 2981 Rm. Kan Singh, "A" Coy.—For meritorious conduct in carrying between them Rm. Jat Singh, "A," who was severely wounded in the head, under a heavy fire during the retirement for some 300 yards to the dhoolie.

14. No. 3195 Rm. Ratna Ram.

15. „ 2112 Dunga Ram.

16. „ 2670 Kheta Ram.

17. „ 3143 Kema Ram.

18. „ 2422 Jowana Ram.

the above men for meritorious conduct, who, in the absence of Indian Officers and Non-Commissioned Officers, were conspicuous in taking the place of Non-Commissioned Officers in leading their commands forward under a heavy and accurate fire.

19. No. 2463 Bugler Kala Khan, for meritorious conduct. On November 15th this man with another during retirement from Saihan carried Captain Maclean out of action. On 17th November and 4th December he again performed meritorious work in carrying messages backwards and forwards from the Officer Commanding to the officers in the firing line.

Dated H. M. S. "Espiegle," Qurnah, 15th December 1914.

From—COMMANDER W. NUNN, Senior Naval Officer, Persian Gulf Division.
 To—The General Officer Commanding, 18th Brigade.

IN the absence of Captain Hayes-Sadler, R.N., of H. M. S. "Ocean," who was Senior Naval Officer at the time, I beg to forward a short report from the naval point of view on the Qurnah operations from 3rd December to the 9th December 1914.

The names of H. M. Ships engaged were as follows:—

H. M. S. "Espiegle"	...	Commander W. Nunn, R.N.
"Odin"	...	Commander C. R. Wason, R.N.
"Lawrence"	...	Commander R. N. Suter, R.N.
H. M. Armed Launch "Lewis Pelly"	...	Lieutenant in Command, J.F.B. Carslake, R.N.
"Miner"	...	Lieutenant in Command, C. H. Heath-Caldwell, R.N.
"Shaitan"	...	Lieutenant Commander in Command, F. G. S. Elkes, R.N.R. (killed in action).

I have the honour to report as follows on the part taken in the operations for attack and occupation of Qurnah by H. M. S. "Espiegle" under my command.

On Thursday, 3rd December, H. M. S. "Espiegle" left Basrah at 3-50 P.M., and anchored to northward of Dair, about 10 miles south of Qurnah, at 7-45 P.M., and weighed, and proceeded at 5-5 A.M. on 4th December towards Qurnah, followed by H. M. Ships "Odin" and "Lawrence" and armed launches "Miner," "Lewis Pelly," and "Shaitan" and the four Lynch's steamers "Medijieh," "Blosse Lynch," "Malomir," and "Salami," carrying the troops.

"Medijieh" and "Blosse Lynch" each had two 18-pr. field artillery guns mounted in the forepart of the deck-house.

On rounding the river bend near Um Rash, fire was opened on us by two Turkish guns mounted to the south-west of Muzaira'ah village, and we at once replied, opening fire at 6-45 A.M.

The transports went alongside the bank just south of Um Rash village and disembarked troops, and at 9-20 A.M., they had disembarked and were advancing towards enemy.

The "Blosse Lynch" and "Medijieh" came up and anchored off our port quarter at 9-55 A.M., and opened fire. At this point the enemy's fire was fairly accurate, and they were firing on us from the two Muzaira'ah guns and also from Qurnah.

At 10-5 A.M., "Espiegle" was hit on port bow but not damaged, and was also hit several times later, "Lawrence" also being hit several times.

"Odin" had been left in a position to guard the camp which was formed at the place of disembarkation.

At 1-0 P.M., the armed launches were ordered up to assist in the attack as our troops were seen to have practically reached the left bank of the Tigris opposite Qurnah. The launches opened a rapid, accurate fire and a hot fire was opened on them by the Turkish guns and riflemen.

At about 1-40 P.M., "Miner" was seen to be listing and she returned towards ship and grounded just ahead of "Espiegle" and reported that she has been hit and that a shell had penetrated starboard side into engine-room.

Assistance was at once sent by "Espiegle" and leak stopper placed over hole and "Miner" was, later on, able to raise steam again and proceed down river where during the night she was patched by "Odin."

All this time "Espiegle" was in extremely shallow water and unable to move nearer Qurnah. The "Espiegle's" fire had been directed on the enemy's guns at Qurnah, which had been several times temporarily silenced, also those at Muzaira'ah.

During the advance of our troops "Espiegle" and "Lawrence" also shelled the enemy's trenches.

At 2-37 P.M., extremely heavy firing was heard near the bank of the Tigris opposite Qurnah and at 3-0 P.M., a signal was received from Lieutenant-Colonel Frazer, Commanding Troops, that he had decided to retire to Shaib Camp south of Um Rash.

"Espiegle" and "Lawrence" at once directed a heavy fire on the only Qurnah houses which could be seen plainly enough to be sure of not hitting our troops and ordered the armed launches back at 4 P.M.

At 6-15 P.M., the retirement had been affected and "Blosse Lynch" and "Medijieh" and launches had gone down river, as "Espiegle" proceeded towards the camp and remained there for the night.

Reinforcements were asked for from Basrah and the river steamers sent down for them on 5th December, bringing up four more 18-pr. guns and two and-a-half battalions of troops, with General Fry in command, on Sunday morning, 6th December, and disembarked on arrival.

On Sunday forenoon General Fry held a conference on board "Lawrence" during which the enemy opened fire, and in the afternoon at 2-10 P.M., "Lawrence" which was anchored just to north-west of camp reported that the enemy were advancing with guns across the plain from Muzaira'ah.

"Espiegle" at once proceeded to a position north-west of camp and opened fire with shrapnel on the enemy at 2 P.M., "Lawrence" also firing on them.

"Espiegle" was hit twice by enemy's shell, one piercing the side of port bow near 3-pr. gun port. This shell had been fired by enemy's guns near Muzaira'ah village. At 3-10 P.M., one of them was silenced and it is thought put out of action by a shell by "Espiegle." "Lawrence" was also hit.

Our field artillery had also got into action and the enemy retired across the plain with considerable loss.

"Espiegle" ceased fire at 3-25 P.M., and returned to anchorage for protection of Shaib Camp. More reinforcement arrived in the river steamers about 6-30 P.M., on 7th December, and the troops left the camp at 9 A.M., to advance for attack on Turks' position in accordance with scheme arranged, so that Navy and Army could co-operate as much as possible.

"Espiegle" weighed at 9-45 A.M., and proceeded up river and anchored at 10-10 A.M., to north-west of Um Rash with "Lawrence" astern and launches and "Odin" to south-east.

The enemy at once opened fire from the guns at Qurnah and Muzaira'ah, and we at once replied attacking the guns with lyddite and co-operating with the field guns in the river steamers "Blosse Lynch" and "Medijieh" in shelling enemy's trenches during the advance of our troops. Lieutenant A. G. Seymour, R.N., of H.M.S. "Espiegle," directing the gun fire from the mast-head.

At 11-30 A.M., a very heavy musketry fire was opened on our troops from Muzaira'ah village, and "Espiegle" moved further up the river at 11-50 A.M., and again at 2-10 P.M., although in very shallow water, in order to support the troops.

The armed launches were sent forward at 2 P.M., and at this time Lieutenant G. E. Harden, R.N., of H.M.S. "Espiegle" went in the steam-cutter to locate and sound round the dredger which the Turks had sunk in the river between us and Qurnah.

A heavy fire was being kept up by the Turkish guns and at 3-30 P.M., the "Shaitan" returned with her Captain, Lieutenant Commander F. O. S. Elkes, R.N.R., killed and several wounded, and steaming gear disabled. Her wounded were taken and treated on board "Espiegle."

The launches were recalled at 2-45 P.M., and "Espiegle" remained in the same position for the night, the enemy firing a few shells when the moon rose.

The enemy's fire had been very heavy and fairly accurate during the day and "Espiegle" was hit several times, two men being wounded by a segment of shell which hit spreader of main topmast rigging and burst over afterpart of the ship. Another shell pierced foremast cowl and lodged in netting.

Great difficulty was experienced in keeping signal communication with the Army, but we ascertained during the night that they had camped near Muzairah and would advance on Qurnah in the morning.

At 8-30 A.M. on 8th December, the armed launch "Lewis Pelly" was ordered to reconnoitre towards Qurnah and was heavily fired on by Turkish guns and riflemen at 9 A.M.

"Espiegle" therefore opened fire and ordered "Lewis Pelly" back. Heavy firing in the woods indicated that our troops were engaged and we received information from General Fry that he intended to attempt to cross the Tigris above Qurnah and advance on the town.

"Espiegle" proceeded further up the river and Lieutenant G. E. Harden, of "Espiegle" placed a buoy on the outer side of the sunken lighter, and, with "Lewis Pelly" sounding ahead, "Espiegle" passed it about 11 A.M. and anchored to northward of it, opening fire on the guns at Qurnah and firing lyddite at the houses. "Blosse Lynch" and "Medijeh" also moved up and assisted, and "Lawrence" anchored some cables astern. Firing continued intermittently until sunset, and heavy rifle fire and the burning buildings indicated that the troops were progressing. The guns did not fire till after sunset and early in the middle watch a small steamer with all lights burning was observed to be coming down the river from the direction of the town blowing her siren to attract attention.

"Espiegle's" siren pipe had been cut by shell so "Blosse Lynch" was directed to sound her siren in reply, and I sent an armed boat away under Lieutenant G. H. Harden, R.N., to board her as she approached. She was found to have on board a deputation of three Turkish Officers to discuss terms of surrender of Qurnah.

They came on board at 12-35 A.M., and were interviewed by Captain Hayes-Sadler, R.N., of H.M.S. "Ocean," who is directing naval operations from "Espiegle," and agreed to an unconditional surrender and to meet General Fry on board "Espiegle" at 8-30 A.M.

At 8-30 A.M. on 9th December the three Turkish Officers, viz., Major Hussain, Lieutenant Kornal and Lieutenant Ismail Haki, returned on board and met General Fry and Staff and arranged details as to surrender.

"Espiegle" went further up the river at high water with "Lewis Pelly" again sounding ahead, and although very shallow was able to reach the deeper water near Qurnah and entered the Tigris, anchoring off Qurnah at 10-50 A.M.

In the afternoon, General Fry landed from H.M.S. "Espiegle" and received the sword of the Turkish Vali and Officers, the Turkish troops were disarmed and sent down the river as prisoners of war, and the Union Jack was hoisted over Qurnah.

Endorsement dated Qurnah, 15th December 1914.

FORWARDED. In my report on these operations I have already mentioned the great assistance and co-operation extended by the Naval Force under Captain Hayes-Sadler, R.N. I much admired the intrepidity shown by the Commanders of the armed launches in ascending the Shatt-al-Arab River under shell fire each day, and sincerely regret the death of one of these, Lieutenant Elkes, R.N.

No. 204 (G.), dated Basrah, the 3rd February 1915.

From—LIEUTENANT-GENERAL SIR A. A. PARRETT, K.C.B., K.C.V.O., Commanding, Indian Expeditionary Force "D,"

To—The Chief of the General Staff, Army Headquarters.

I HAVE the honour to submit, for the information of His Excellency the Commander-in-Chief, the following report on an engagement with the Turks north of Qurnah on the 20th January.

Reports from naval and cavalry reconnaissances were to the effect that Turkish outposts had occupied some sand-hills about six miles north of Muzairah on the left bank of the Tigris. I thought it advisable to drive

them back, and to impress upon our troops, as well as upon our adversaries, that it was not our intention merely to maintain a passive defence of our prepared position at Qurnah—Muzaira'ah.

A copy of the operation order issued is attached.*

The cavalry of the advanced guard, after drawing the enemy's fire from his trenches on the sand-hills, moved eastward to cover our right flank, sending a patrol to the west to watch the villages near the river bank. The Oxfordshire and Buckinghamshire Light Infantry then advanced direct on the sand-hills, which were speedily cleared of the enemy. The 103rd Light Infantry prolonged the line to the left, with the 22nd Punjabis and 119th Infantry in second line, and the Norfolk Regiment and half a battalion of the 7th Rajputs in reserve. The Turkish guns, six in number, opened fire from a position near the village of Rotah and were heavily shelled by the "Espiegle" and by our batteries. As our infantry advanced they came under fire from the Turkish main trenches.

These were at the time believed to be north of the Rotah creek, but a comparison of reports received since the action leads to the conclusion that some of them must have been on the south bank. A large extent of ground in front of the creek was marshy, so that the men of our leading battalions were over their knees in water.

The cavalry were also in wet ground. Our artillery were in action at a range of 3,500 yards, engaging the enemy's guns and shelling his trenches and camps, which were plainly visible beyond the creek. The 4-inch guns of the "Espiegle," firing lyddite, were also within effective range, with two guns of the 82nd Battery, Royal Field Artillery, mounted on the deck of the S. S. "Medjidieh." The enemy's guns were temporarily silenced, and some of his troops were seen to be retiring to the north-east.

At this stage I was inclined to order a general advance on Rotah village, with a view to destroying the Turkish camp, and possibly capturing his guns. But I had warned the troops beforehand that I had no intention of crossing the creek, and an advance through marshy ground without cover would probably have entailed considerable loss. I also had to consider that our force was hardly strong enough to hold a position at Rotah as well as at Qurnah in the event of more troops being brought down from Baghdad.

I therefore issued orders to stand fast and prepare to withdraw to camp. Our second line took up a position on the sand-hills and our first line withdrew almost unmolested, except for an occasional shell from the enemy's guns, their infantry fire being well kept down by our artillery and the guns of the "Espiegle." Shortly after noon the engagement ceased, and by 2 o'clock the last of our troops were back in camp at Muzaira'ah.

Arab reports gave the strength of the enemy at about 5,000, and variously estimated his losses at from 200 to 300 killed, besides many wounded. These numbers may be exaggerated, but it is evident that his troops were much demoralised by our fire. Askari Bey, who had recently arrived from Constantinople to take command, was wounded, and is said to have returned to Baghdad.

I was much pleased with the behaviour of the troops on this occasion. General Dobbie handled his brigade skilfully, and the rapid and spirited advance of the Oxfordshire and Buckinghamshire Light Infantry and the 103rd Mahrattas is worthy of special mention.

I am greatly indebted to Captain Nunn, R. N., for the valuable assistance afforded by H. M. S. "Espiegle" and the armed launch "Miner."

Operation Order No. 17 by General Officer Commanding, "D" Force.

QURNAH :

19th January 1915.

Reference 1 mile to 1 inch map issued to-day.

Information

1. The enemy is believed to be receiving reinforcements by river at Sakhricha and north of Mazeebiah, and he occupies an advanced position on the sand-hills, one mile south of the Rotah canal.

Intention

2. The Force Commander intends to attack this advanced position to-morrow.

Naval Force

3. The Senior Naval Officer will co-operate from the Tigris. The "Medjidieh" with two 18-pr. guns of 82nd Battery, Royal Field Artillery, and $\frac{1}{2}$ a double company 120th Infantry on board, is placed at his disposal. The Navy will also guard the mouth of the Shatt-al-Shuib and the Euphrates.

Copy of a report from Captain W. Nunn, Royal Navy, Senior Naval Officer, Persian Gulf Division, to the General Officer Commanding, Indian Expeditionary Force "D," dated Qurnah, 21st January 1915.

I HAVE the honour to forward the following report on the naval operations in the Shatt-al-Arab on the 20th January.

At 6-50 A.M. H. M. S. "Espiegle" (Captain W. Nunn, R. N., Senior Naval Officer) followed by H. M. Armed Launch "Miner" (Lieutenant in Command

S. N. Heath-Caldwell) and "Medjidieh," having on Board two 18-pr. Royal Field Artillery guns, proceeded up the river from anchorage off Tigris Camp.

At 7-30 the ships came under fire of the enemy's guns posted on south side of Rotah village, and at 7-58 A.M. "Espiegle" anchored in reach of Tigris beyond Bahran village heading E. N. E. in a position in which her whole broadside bore on enemy's position, and opened fire on enemy's guns.

At 8-15 A.M. "Medjidieh" anchored as previously arranged about a quarter of a mile to southward of "Espiegle" and warped her stern round to bring her guns to bear and then opened fire.

At 8-20 A.M. "Miner" anchored off Bahran village and was attacked by twenty armed Arabs who ran out from the village. "Miner" drove them away with a well directed fire and then continued to engage parties of armed Arabs and cavalry on the right bank of Tigris.

"Espiegle's" fire was at first directed entirely on enemy's guns, of which five were plainly visible from the ship in pits south of Rotah village (just north of Rotah creek), "Medjidieh" assisting.

Later on "Espiegle" and "Medjidieh" also shelled enemy's trenches and parties of Turks, who came forward close along left bank of river under cover of the raised bank and sniped at the ship.

After 10-45 A.M. the enemy's guns seldom fired. Their fire had been fairly good for direction, but badly laid for elevation, and shots and fragments of shell often fell near the ship but did no damage.

About 10-45 A.M. the signal arrived that our forces were retiring to camp, so "Espiegle" shelled the trenches vigorously and ordered "Miner" and "Medjidieh" to drop down river firing as they went.

A large body of the enemy's infantry were observed about 10-0 A.M. to be leaving the camp near Sakhricha marching in column and numbering between one and two thousand. They marched to south-eastward round Pear Drop bend and reinforced the trenches and position near Rotah about noon. "Espiegle" was able to put a few shells amongst them and they scattered and took cover.

On their left was a large scattered body of enemy, presumably Arabs, numbering several thousand. On our departure they appeared to march into Rotah with red and green flags flying.

At noon the "Miner" was ordered to set Bahran village on fire, which she did not and took two Arabs in Turkish uniform prisoners who were fighting for the Turks; at the same time the Royal Engineers were destroying Halla village.

At 12-10 P.M. "Espiegle" weighed and followed the others down river, the enemy keeping up gun and rifle fire as we left.

No. 860-A., dated Basrah, 31st March 1915.

From—The General Officer Commanding, I. E. F. "D."

To—The Chief of the General Staff, Army Headquarters, India, Simla.

As I am about to relinquish the command of Indian Expeditionary Force "D." I have the honour to submit, for the favourable consideration of His Excellency the Commander-in-Chief, the names of those officers, warrant officers and non-commissioned officers, whose good services during the operations from November 1914 to 31st March 1915, I desire to bring to notice, in addition to those who have already been mentioned in my reports No. 101-G., dated 7th December 1914,* and 174-G., dated 29th December 1914* :—

Commanders, Headquarter Staff, etc.

Major-General C. I. Fry ... Has done excellent service throughout. He commanded during the highly successful engagements which led to the surrender of Subhi Bey at Qurnah in December 1914.

Brigadier-General W. H. Dobbie, C. B. A keen and capable Brigade Commander, and a good leader of troops in the field.

Brigadier-General W. S. Delamain, C. B., D. S. O. Commanded the Force before my arrival, and showed great skill and resource in his arrangements for overcoming the resistance of the Turks, and landing his troops in face of considerable difficulties. Has shown much dash and gallantry when leading his Brigade in action.

* Published in the *Gazette of India*, dated 26th February 1915.

- Brigadier-General C. T. Robin-^{son}. A very capable Artillery Commander. When in command of a mixed force at Ahwaz he was greatly out-numbered by the enemy, and succeeded in extricating his troops from a very difficult situation with much coolness and decision.
- Colonel R. N. Gamble, D.S.O. ... His services as Senior General Staff Officer have been carried out to my entire satisfaction, and have contributed greatly to the success of the operations. He is full of tact and resource, and possesses all the qualities that go to make a good staff officer.
- Colonel L. W. Shakespear ... His duties as Assistant Quartermaster-General to the Force in connection with the landing, movement and location of troops have been of a most onerous and responsible nature, and he has spared no pains to carry them out successfully in face of many difficulties.
- Colonel P. Hehir, M.D. ... As senior medical officer he has done much to promote the general efficiency of the Force by his unceasing care for the physical welfare of the troops and followers, and for the treatment of the sick and wounded. He possesses great administrative ability and is an extremely valuable officer.
- Colonel U. W. Evans ... A thoroughly capable and energetic Engineer Commander with high abilities and full of resource. Owing to the difficult nature of the country the work of the technical troops has been throughout of a most arduous nature, and has been carried out with thorough success.
- Lieutenant-Colonel H. L. D. Fordyce. Has performed his important duties as Assistant Director of Supplies in a highly satisfactory manner. He has good administrative ability.
- Lieutenant-Colonel A. S. R. Annesley. A very competent and energetic transport officer, with a thorough knowledge of the duties connected with his Branch. Under his able direction the transport has been kept in a highly efficient state, and its organisation and work in the field has left nothing to be desired.
- Major J. H. M. Davie ... An officer of great administrative ability, whose most arduous and responsible duties as Deputy Assistant Adjutant-General to the Force have been carried out to my entire satisfaction.
- Major G. A. F. Sanders ... An officer of great talent and resource, whose general professional ability and knowledge of staff duties in the field are much above the average. I cannot speak too highly of the quality of his work.
- Major C. C. R. Murphy ... Has done valuable work as head of the Intelligence Branch. He has been successful in obtaining accurate information of the enemy's strength and movements, and his local knowledge of the country and people has been of great assistance.
- Major J. F. Tyrrell ... His most responsible duties as Head of the Ordnance Branch have been performed to my entire satisfaction.
- Major d'A. C. Brownlow ... In addition to his work as Deputy Judge Advocate General to the Force, he has filled the important appointment of Military Governor of Basrah with marked success.
- Captain H. S. Cardew ... His work as Assistant Director of Army Signals has been thoroughly satisfactory. He has good abilities and considerable powers of organisation.
- Lieutenant C. K. Greenway ... As Aide-de-Camp this officer has proved himself to be a most energetic and capable young officer.

3. The following officers are specially brought to notice for gallantry in the field:—

- | | |
|---|---|
| Major M. H. Anderson, 33rd Cavalry. | In the operations from Mezera on the left bank of the Tigris on 30th January 1915, he led a successful charge against the enemy with conspicuous gallantry and resolution—he had 2 horses shot under him. |
| Captain W. M. Hunt, 23rd Mountain Battery. | At Ahwaz, on the 3rd March 1915, this officer displayed conspicuous coolness and bravery in repeatedly checking the enemy with his own rifle, although severely wounded, and thus enabling his section of the 23rd Mountain Battery to withdraw at a most critical stage of the fight. |
| 2nd-Lieutenant H. J. Baillie, 2nd Battalion, Dorset Regiment. | Near Ahwaz, on the 3rd March 1915, displayed conspicuous courage. With a handful of men he gallantly checked the advance of overwhelming numbers of the enemy and was thus instrumental in saving many of our wounded from falling into their hands. |
| Lieutenant-Colonel C. S. Stack, 33rd Cavalry. | Severely wounded near Shaiba on 3rd March 1915, whilst displaying great personal gallantry and handling his regiment in a most skilful manner. This officer did extremely good work whilst commanding the Shaiba Post for over two months. |
| Captain H. E. Shortt, I.M.S. ... | In the operations from Mezera on the left bank of the Tigris on 30th January 1915, this Medical Officer displayed great devotion and courage in attending wounded in the open, in face of rifle fire at comparatively close quarters. |
| Captain A. R. Thomson, 7th Rajputs. | Near Ahwaz, on the 3rd March 1915, was acting as Signalling Officer on the Staff of the Column Commander. At a critical moment he displayed great initiative in collecting as many men as he could and holding a position to cover the retirement. He next gallantly led a bayonet charge against a party of the enemy who were blocking the road to camp and succeeded in clearing them out. |
| Captain H. C. West, "S" Battery, R.H.A. | Near Shaiba, on the 3rd March 1915, at a critical moment of the operations when the teams of a gun and a waggon were down, displayed conspicuous coolness and courage in keeping the enemy at bay with his revolver, whilst he enabled his defenceless drivers to escape on foot. |
| Lieutenant R. H. Sheepshanks, 12th Cavalry (attached 33rd Cavalry). | Was conspicuous for his gallantry and skilful handling of a small body of cavalry near Ahwaz on the 3rd March 1915. Re-forming his troop he repeatedly charged the foremost lines of the enemy and inflicted heavy loss on them. |

4. In a previous report, I mentioned the good services of the officers and men of the Royal Navy. Since the departure of Captain Hayes-Sadler, the duties of Senior Naval Officer have been most ably performed by Captain Nunn, R.N., of H.M.S. "Espiegle," whose valuable advice and ready co-operation in all our undertakings has contributed so greatly to the success of the operations.

5. I am also much indebted to the officers of the Royal Indian Marine, who have shown zeal and energy in organising a most efficient river transport service, and in making all arrangements for the berthing and unloading of the large fleet of vessels that has been employed on transport duties. The whole has been under the able direction of Captain Hamilton, R.I.M., and among those serving under him I would specially mention Captains Goldsmith and Marsh.

6. I am glad to take this opportunity of expressing my thanks to the officers and crews of the steamers of the British India Steam Navigation Company which conveyed the troops from India at the outset of the operations, while the Turks were still in occupation of the country. At this time there was much risk owing to the difficult navigation of the river, and to the fact that the banks were often held by the enemy. The one desire of the Captains of these vessels was to push forward as rapidly as possible, and to afford us all the help that was in their power. The same remark applies to the Captains

of Lynch Bros' steamers and of the other river craft which have been in constant employment on transport duties, and have many times been in situations of considerable danger.

The following are those who are worthy of special commendation :—

Captain R. W. Coope	...	...	H. T. "Elephanta."
Captain G. R. Elton	...	...	H. T. "Umaria."
Captain J. S. Kilner	...	...	H. T. "Ekma."
Lieutenant S. L. Mills, R.N.R.	...	...	H. T. "Varela."
Captain J. S. Reddock	...	...	H. T. "Erinpura."
Captain C. J. Swanson	...	...	H. T. "Torilla."
Captain C. H. Cowley	...	...	"Mejidieh."
Captain E. C. P. D'Eye	...	...	"Blosse Lynch."
Captain F. W. Lyte	...	...	"Shushan."
Captain O. Sczulezewski	...	...	"Malamir."
Captain Hassan bin Ghulami	...	...	"Salimi."
Captain Tahir bin Bangool	...	...	"Mozaffari."

7. In a previous report I expressed my great indebtedness to Sir Percy Cox for his valuable advice and assistance. His intimate knowledge of local politics, and his remarkable personal influence over the surrounding tribesmen, have smoothed over many difficulties, and greatly assisted the military operations.

I also wish to mention the good services of Mr. E. G. Gregson of the Indian Police, Mr. D. Gumley of the Indo-European Telegraph Department, Mr. E. Clerici of the Postal Department, and Mr. Thomas Dexter, Personal Assistant and Interpreter to the Military Governor of Basrah.

Doctor Arthur Bennett, of the American Mission Hospital, has helped us greatly by undertaking the treatment of wounded Turkish and Arab officers and men.

8. Several recommendations of Indian ranks for the Indian Order of Merit and Indian Distinguished Service Medal on account of recent acts of gallantry, which are now being recorded, will be submitted in due course.

Simla, the 17th May 1915.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the Fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund

of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The Fund is now of ten years' standing and has a balance of over three and a-half lakhs with Government on four per cent. interest. For forms of applications and rules of the Fund apply to the Comptroller, India Treasuries Imperial Secretariat Buildings, Calcutta.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz

CALCUTTA, MADRAS BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depot; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depot, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 5th July 1915.

Summary.—During the week under review heavy rain fell over the greater part of the eastern districts, but it was light to moderate elsewhere. Preparation of fields for winter rice and transplantation of seedlings are in progress. Weeding of *bhadoi* crops practically over. Harvesting of early *aus* rice has commenced in certain districts. The prospects of the standing crops, excepting in some of the flooded tracts of East Bengal, are generally reported to be satisfactory. Insects are reported to have caused some damage to paddy and jute in parts of the 24-Parganas. Cattle-disease is reported from eleven districts. The average price of common rice has risen by about 1·4 per cent. as compared with that of the previous week. Gratuitous relief and agricultural loans continue to be given in Noakhali. Test relief-works have also been opened in Tippera and Noakhali.

CALCUTTA, the 6th July 1915.

DEPARTMENT OF STATISTICS, INDIA.

TRADE FLUCTUATIONS.

PRINCIPAL STAPLES IMPORTED INTO AND EXPORTED FROM CALCUTTA IN THE ELEVEN MONTHS OF APRIL 1914 TO FEBRUARY 1915.

The following tables are intended to show the trade of Calcutta in selected articles during the months of April 1914 to February 1915 by all routes, i.e., by rail, river, canal, road and sea. The statistics have been compiled from returns furnished by the Collector of Customs, Calcutta, Railway Audit Offices, Steamer Companies, the Commissioners for the Port of Calcutta, the District Magistrates of the 24 Parganas and Howrah, and the Assistant Engineer, Calcutta Canals.

Variations in principal articles.

The variations in February 1915 as compared with February 1914, and also in the eleven months ending February 1915 as compared with the corresponding eleven months of last year, are shown in the general table below :—

POLITICAL DEPARTMENT.**POLITICAL.****NOTIFICATION.**

No. 7536P.—The 7th July 1915.—The following is published for general information.

J. H. KERR.

Offg. Chief Secy. to the Govt. of Bengal.

No. 2951—2964, dated Delhi, the 18th December 1914.

RESOLUTION—By the Government of India, Home Department.

In supersession of the orders contained in the Resolution of the Government of India in the Home Department, No. 2831-2842, dated the 8th December 1899, the Governor-General in Council is pleased to issue the following instructions with regard to certificates of identity.

2. Every native of India who contemplates proceeding out of India to foreign countries is strongly urged before leaving to furnish himself with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency town, the Commissioner of Police) in the case of residents of British India, and by the Political Officer in that of residents of Native States. In the case of a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency town, the Commissioner of Police) or Political Officer, as the case may be.

Appeals for assistance by destitute Indians who desire repatriation and by students who, owing to embarrassed circumstances, are unable to complete their course of education cannot be dealt with satisfactorily unless the parties are in a position to produce evidence of identity. The possession of a certificate of identity will be specially useful to young men of good family, as it may enable the Secretary of State to obtain for them social and other attentions.

Those who are desirous, however, of travelling in countries where a passport will be necessary are advised to furnish themselves with such a document also before leaving India, in lieu of, or in addition to, a certificate of identity. It should be remembered that no person is entitled to a passport, as of right, on the ground that he is a British subject, and the production before authorities outside India of a certificate of identity, unless supplemented by documentary evidence of respectability is not sufficient to ensure that a passport will be granted.

Form of Certificate of Identity.

1. Name of applicant _____
2. Father's name and caste _____
3. Residence _____
4. Age of applicant _____
5. *Nationality of applicant _____
6. Social or pecuniary status of father (or guardian) _____
7. Date of probable departure of applicant from India _____
8. Object of applicant's visit to England (Europe) _____

Signature of District Officer (in a Presidency town, the Commissioner of Police) or Political Officer, or head of school or college.†

Dated _____

* I.e., whether a British subject by birth, or by naturalization (or a subject of a Native State)

† Countersignature of the District or Political Officer should be obtained on certificates signed by heads of schools or colleges.

NOTE.—Holders of certificates of identity intending to apply subsequently in England or elsewhere for a passport to visit a foreign country are warned that no person is entitled to a passport as of right on the sole ground that he is a British subject. The production of a certificate of identity, therefore, will not ordinarily be sufficient to secure the grant of a passport, unless it is supplemented by documentary evidence of respectability, endorsed by a local Government or other authority competent to issue passports in India, certifying that the holder is a fit and proper person to receive a passport.

IRRIGATION DEPARTMENT.

The 8th June 1915.

No. 9.—Notification.—The following draft of (1) rules and (2) schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of all previous notifications on the subject, the Governor in Council intends to make and fix for the line of navigation known as the Madaripur Bhil channel and the Lower Kumar river as defined in Notification No. 128, dated the 26th June 1900, and Notification No. 162, dated the 22nd July 1902, paragraphs 17 and 18, is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 22nd July 1915 and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

F. A. A. COWLEY,

Secy. to the Govt. of Bengal.

Draft Rules.

1. Every vessel passing through the line of navigation known as the Madaripur Bhil channel shall stop at the prescribed toll-stations notified in the Schedule II attached for the purpose of assessment, or check, of toll charges.

2. For the purposes of these rules, vessels other than rafts, timbers, bamboos or other floating material shall be divided into two classes as below:—

Class I.—To include all vessels of the usual native types of build.

Class II.—To include all steamers, flats and barges, and such other square-built boats as should, in the opinion of the Collector of Tolls, be included.

3. The net tonnage of every vessel of class I, whether laden or empty shall, for the purposes of these rules, be determined by the following measurements:—

(A) The product of one-quarter the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the interior greatest depth from the water-line to the bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

(B) The measurement of the length is to be made in feet, rejecting inches; the measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting portions of less than a quarter of a foot.

(C) The maundage on which tollage shall be charged shall be a simple multiple of $12\frac{1}{2}$ maunds, rejecting any remainder by which the maundage, calculated as above, may exceed such simple multiple.

4. For vessels in class II the tonnage shall be determined as follows:—

The tonnage of steamers shall be the registered tonnage as given in the certificate of survey of the steamer.

Toll shall be levied on the actual weight of cargo carried on steamers, flats, barges and other vessels included in this class, as declared in the manifests.

When the registered tonnage of a steamer, or the manifest for cargo of a flat is not available, the tonnage will be taken as arrived at under rule 3.

For square-built boats the total maundage, as determined under rules for class I, shall be increased by half, and for steamers one-third of the total maundage shall be deducted for engine space.

5. Every vessel except as exempted under rule 10 shall be furnished at the toll-station of entry with a ticket on which the name of the serang

manjhi or other person in charge of the vessel, the date of entry, the draught of the vessel, the nature and weight of the cargo it contains, the amount of toll charged and the number of days for which the ticket will remain current shall be entered.

6. This ticket may be demanded and checked by any navigation officer while the vessel is within the toll-limits of the Bhil channel and must be kept on board and at hand for that purpose. The ticket must be given up at the exit toll-station. If the ticket is not produced on demand by a canal officer, such officer shall assess the amount of toll payable and the vessel will be liable to seizure and detention under the provisions of section 9 of the Act until such sum is realized.

7. Vessels leaving the channel between two toll-stations shall obtain a permit for so doing in Form No. 1 from the Toll Collector of the toll-station of entry. In such cases the Toll Collector will issue a ticket in the usual form and also collect the same before the vessel is permitted to proceed.

8. A vessel, which has been detained under these rules or under section 9 of the Act, may not be removed from the channel without the order of the Collector of tolls until the toll due has been paid. During such detention the manjhi, owner or agent must make arrangements for the safety of the vessel and cargo.

9. All tolls are payable on demand and shall be paid at the toll-station before a vessel is permitted to proceed. Provided that the Collector of tolls appointed under section 8 of the Act may, at his discretion, permit vessels belonging to individuals or firms of recognised standing to proceed without prepayment, on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

10. (I) In the case of steamers and flats falling under the latter portion of rule 9 a copy of the traffic manifest must be handed in at the exit toll-station, a receipt for which in Form No. 2 will be issued by the Toll Collector to the person in charge of the vessel, in such cases no ticket in the usual form will be issued. If the traffic manifest is not produced at the exit toll-station the procedure as laid down in rules 6 and 8 will be adopted.

(II) The traffic manifest or the receipt for the same may be demanded by any navigation officer while the vessel is within the limits of the Bhil channels between the Manickdah entrance and Chur Maguria.

11. The term "Navigation officer" as used in rule 6 shall include the Collector of tolls appointed under section 8 of the Act, and the officer, or the subordinate duly authorised by such officer of the Public Works Department in charge of the subdivision or section within which the channel is situated.

12. Duplicates of lost tickets will be granted by the Toll Collector who originally issued the ticket on payment of a fee of one-fourth of the amount of toll payable, subject to a maximum of one rupee and a minimum of four annas. The duplicate will be issued only when the Toll Collector is satisfied concerning the identity of the boat.

13. No person shall wilfully or negligently allow a vessel to sink in the channel.

14. (1) In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor and his subordinates shall offer every assistance in removing the same.

(2) If, three days after the occurrence of a wreck, it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the Supervisor and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that when the wreck obstructs the fairway they shall take action at once to remove the same.

15. When a sunken vessel has been recovered, the Supervisor shall cause notices to be posted at the toll offices, or other prominent places, calling on those concerned to pay to the Collector of tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section 9 of the Act.

16. The purchaser of a vessel sold under the provisions of section 9 of the Act shall have the right to take it out of the channel on the day of purchase, or within such time as may be allowed by the Collector of tolls, without payment of tolls.

17. When any laden vessel, which has sunk, has been recovered, or when any laden vessel has been seized under the provisions of the Act or of these rules, the Supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

18. If the Supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 16 shall be effected by a notice exhibited in his office, and by advertisement in at least one English and one vernacular Calcutta and local newspaper.

19. *Lights and Signals.*—All vessels, whether travelling or moored in the channel, must, between sunset and sunrise, carry a white light in a lantern on the fore-part of the vessel where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed in the first paragraph of this rule.

20. Every vessel proceeding in the channel must limit her speed to six miles an hour from the 15th October to the 10th July, and to eight miles an hour from the 11th July to the 14th October.

21. For any infringement of rule 6, 7, 8, 9, 10, 13, 14, 15, 17, 19 or 20 the person in charge of the vessel or other persons in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 or Rs. 5 a pay for any continuing infringement.

No. 10675—10691-112.

The 6th July 1915.

RESOLUTION—By the Govt. of India, Dept. of Commerce and Industry.

The following translation of a Decree No. 599 of the Governor of Cochin China, dated the 26th April 1915, regulating the disembarkation of foreigners at Saigon is published for general information:—

- I.—From this date no foreigner shall be allowed to disembark in the Colony unless he is provided with a properly authenticated passport or unless the Council of the nation to which he says he belongs guarantees him.
Every foreigner, allowed to disembark here, if he wishes to reside in the Colony, must provide himself with a special Permit issued by the Chief of the Police.
- II.—Foreigners not allowed to disembark must remain on board the steamer. Those who may succeed in disembarking without leave will be sent back by the next steamer either at their own expense or in the case of destitution at the expense of the Shipping Line bringing them here.
- III.—The following regulations applying to passenger steamers coming from the North will also in the future be applied to those coming from the South.
A Police Official will go on board the boat at Nhabe. The Master must hand him a list of all foreigners on board including foreigners forming part of the crew.
- IV.—All Ship Officials must give every assistance in their power to the Police to prevent foreigners not authorised to land from leaving the ship.
- V.—French Citizens or Protégés will be obliged to prove their nationality before disembarking, either producing a proper Passport or other documents proving their status. Those who may be unable to produce such documents or who possess insufficient proof of their nationality will only be allowed to land if they can produce some one (approved of by the Authorities) to go security for them.
- VI.—This decree in no way modifies the application of the Governor General's Decree dated October 3rd 1911 on the "Immigration of Foreigners" or those regulations concerning Foreigners of Asiatic Extraction.

The Governor General in Council requests all Local Governments and Administrations to make the above provisions of the Decree as widely known as possible, particularly in places from which emigration to Saigon is believed to be most common.

Ordered that a copy of the above Resolution be forwarded for information and guidance to all Local Governments and Administrations and to the Home and Foreign Departments for information.

Ordered also that a copy be published in the *Gazette of India* for general information.

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

EXPLOSIVES.

Delhi, the 30th January 1915.

In supersession of the Home Department Notification No. 3291-(Public), dated the 7th December 1900, and this Department Notification No. 370-39, dated the 13th January 1912, and in exercise of the powers conferred by Sections 17 and 6 of the Indian Explosives Act, 1884 (IV of 1884):—

1. The Governor General in Council is pleased hereby to declare that acetylene, when liquid or when subject to a pressure above that of the atmosphere capable of supporting a column of water exceeding two hundred small fifty inches in height and whatever are used in admixture with other

in whatever proportion and at whatever pressure, and whether or not in admixture with other substances shall be deemed to be an explosive within the meaning of the said Act, subject to the following exception; that if it be shown to the satisfaction of the Governor General in Council that acetylene declared to be an explosive by this Notification when in admixture with any substance, or in any form or condition, is not possessed of explosive properties, the Governor General in Council may, by order, exempt such acetylene from being deemed to be an explosive within the meaning of the said Act:

Provided that nothing in this Notification shall apply to acetylene in admixture with air when such admixture takes place only in a burner or contrivance in which the mixture is intended to be burnt:

Provided also, that nothing in this Notification shall be held to apply to an admixture of acetylene and air which may unavoidably occur in the first use or recharging of an apparatus, properly designed and constructed with a view to the production of pure acetylene:

Provided also, that, subject to the conditions hereinafter specified, acetylene, when in admixture with oil gas (that is to say, a gas manufactured from mineral oil), shall not be deemed to be an explosive within the meaning of the said Act, when under compression—

- (1) The acetylene shall be generated only by the Atkins Dry Process.
- (2) The proportion of acetylene shall not exceed fifty parts by volume in every one hundred parts of the mixture of acetylene and oil-gas.
- (3) The acetylene and oil-gas shall be mixed together in a chamber or vessel before the gases are subjected to compression.
- (4) The mixture shall not be compressed to a pressure exceeding one hundred and fifty pounds per square inch.

Provided also that, subject to the conditions hereinafter specified, acetylene, when contained in a homogeneous porous substance, with or without acetone, shall not be deemed to be an explosive within the meaning of the said Act—

- (1) The pressure shall not exceed one hundred and fifty pounds to the square inch.
- (2) The porous substance shall fill, as completely as possible, the cylinder or other vessel into which the acetylene is compressed, and the porosity of the substance shall not exceed eighty per cent.
- (3) Every cylinder or other vessel into which acetylene is to be compressed shall be thoroughly tested to a pressure of not less than double that to which the vessel is to be subjected in use and shall be fitted with a fusible plug designed to act at or below a temperature of 212°F.
- (4) Every cylinder or vessel in which acetylene is compressed shall be permanently and conspicuously marked with the name of the manufacturer and the words—"Acetylene compressed into porous substance exempted by Government of India, Department of Commerce and Industry, Notification No. 706-39, dated the 30th January 1915," and shall bear a label giving the date when it was last filled together with the name and address of the filler.
- (5) When acetone is used for absorbing the acetylene due precaution shall be taken that the quantity of acetone is such that when fully charged with acetylene it does not completely fill the porosity of the porous substance.

When the operation of compressing the acetylene is carried out in British India:—

- (6) The apparatus by means of which the acetylene is compressed into a porous substance shall be fitted with a safety valve designed to act at a pressure of 200 lbs. per square inch, and shall be surrounded by rope mantlets in such a manner as efficiently to protect the operators.

II. The Governor General in Council is pleased to prohibit absolutely the manufacture, possession and importation of such acetylene as is declared by paragraph I of this Notification to be an explosive.

There are two Hostels attached to the College and quite close to it—one for the Hindu students and the other for the Muhammadan students. The Hostels are situated in healthy localities close to the river. The climate of Chinsura has improved owing to the recent installation of water-works. No seat-rent is charged in either Hostel. The messing and establishment charges of the Hindu Hostel amount to about Rs. 10-8, and those of the Muhammadan Hostel about Rs. 7-8, per month.

Students will be admitted from the 14th of June next. Application should be made on a printed form, which will be supplied on receipt of a half-anna postage stamp or on personal application at the College office.

On account of the addition of a new block to the College Laboratory, a larger number of B. A. and B. Sc. students will be admitted in the next session than has hitherto been possible.

There are Pledership Classes attached to the College, the monthly tuition fee of which is Rs. 7.

DAMODAR RAO.

*Persl. Asst., for Director of
Surveys, Bengal and Assam.*

Calcutta, the 24th June 1915.

PROSPECTUS OF THE GOVERNMENT COMMERCIAL INSTITUTE.

THE Government Commercial Institute, Calcutta, affords a training of a practical and businesslike character, well up to date and capable of direct application to the commerce and trade of the city. It is neither a business college in which the academic element exceeds the vocational in relative importance nor a secondary school of commerce, but a higher school of commerce in which the vocational element predominates *but in a liberal manner*.

2. There is a specialised Day Course extending over two years, ending in the Commercial Course Final Examination. Provision is also made for more advanced and more technical instruction by means of evening lectures on Advanced Book-keeping, high speed in Shorthand and Typewriting, Political Economy, Mercantile Law, Annuities and Insurance, Banking and Currency, and Accountancy, ending annually in Special Examinations in each of the subjects. These lectures are intended to give persons already employed in business a chance of improving their efficiency as first-rate Shorthand-writers, Typists, Book-keepers, or Auditors, and of gaining an intelligent insight into the economical, financial and legal principles on which commerce is based.

3. The aim of the Institute is to turn out a type of young man who, if he has received a thorough grounding in the ordinary school subjects, especially in English, has the makings of a useful assistant either in commercial or in Government offices, and who, if he is willing to avail himself of the facilities offered for more advanced and more technical instruction by means of evening lectures, may become well equipped to be a businessman.

THE DAY COURSE.

4. There are two day classes—a first-year class and a second-year class. Papers are now before the Government proposing the following course of study, which, if sanctioned, will be introduced for the coming session :—

COMPULSORY SUBJECTS.	OPTIONAL SUBJECTS.
(1) Modern English, and especially English correspondence, including commercial correspondence, letter drafting and <i>précis</i> -writing.	(1) Shorthand. (2) Typewriting. (The marks obtained in optional subjects will count towards scholarships, a class. or a mark of distinction.)
(2) Arithmetic, including commercial and mental arithmetic.	
(3) An Indian Vernacular, such as Bengali, Hindi, Urdu, Uriya, &c.	
(A special paper for Anglo-Indian candidates.)	
(4) Commercial Geography.	
(5) Book-keeping.	

* Note—The course of study has hitherto been as follows :—

- (1) Modern English, and especially English correspondence, including commercial correspondence, letter drafting and *précis*-writing.
- (2) Arithmetic including commercial and mental arithmetic.
- (3) One of the following languages, namely, Bengali, Hindi, Urdu, Uriya, French, German or Latin.
- (4) One of the following subjects, namely, book-keeping, shorthand-writing or typewriting.
- (5) Commercial Geography.

English.—The English teaching is as severely practical as it can be made. In the first-year class, the students regularly practise dictation and essay-writing. They also practise writing easy letters, both official and business, as between a private man and a firm, and making index and *précis* of such letters.

In the second-year class they study the advanced stages of Commercial Practice or Business Methods and are drilled constantly to work out complete transactions, enabling them to appreciate not only the exact relation which one item bears to another but also the place of each in the completed whole, the transactions given in outline furnishing material for unaided work on the part of the students. They now practise making index and continuous *précis*, not only of all the series of letters arising in the transactions given but also of longer official letters and their replies from such bodies as Chambers of Commerce and other Associations. Their papers are corrected and returned soon after they are submitted. No text-books being prescribed, the students are under no temptation to cram, their capacity to write simple correct English with perspicuity and brevity thus developing under careful guidance.

Modern Bengali, including Bengali commercial correspondence, etc.—In Bengali “Kapalkundala” by Bankim Chandra Chatterjea is prescribed as a text-book affording a model for style and diction. Besides this language work, practices and principles obtaining in the commercial transactions covering different branches are also taught in Bengali, giving the Bengali students a further opportunity to learn them and to practise drafting business letters in their mother-tongue. They are required also to make index and *précis*, in Bengali, of commercial letters.

In order that they may be able to express themselves clearly and accurately in Bengali and in English and with a view more effectively to supplement the practical teaching in English, special attention is paid to translation of passages from English into Bengali and retranslation after some time has elapsed, and *vice versa*.

Commercial Geography.—The course in Commercial Geography deals specially with the relations of cause and effect that hold good between the general principles of geography and the occurrence, production, and exchange of commodities. It also deals in an elementary way with the history of commodities.

The Commercial Geography text-books used are “Commercial Geography of the World” by A. J. Herbertson, “A Short Commercial Geography” by L. W. Lyde, “Elementary Commercial Geography” by H. R. Mill, “A School Economic Atlas” by J. G. Bartholomew, and “A New Geography of the Indian Empire and Ceylon” by Morrison.

Commercial and Mental Arithmetic.—In Arithmetic the students are taught addition, subtraction, multiplication and division—simple and compound; approximation in multiplication and division; G. C. M. and L. C. M.; fractions—vulgar and decimal; practice; proportion—simple and compound (*i.e.*, simple rule of three and double rule of three); the metric system; percentages, commission, etc.; proportional division; profit and loss; mixtures; interest—simple and compound; present worth and discount; stocks and shares; exchange—chain rule; square root. Grant and Hill’s “Commercial Arithmetic” and “Mental Arithmetic” are used.

Shorthand.—During the first-year of the course the students are thoroughly grounded in the theory of Pitman’s Shorthand and are expected to attain a speed of 50 words per minute at the end of the year. “Pitman’s Shorthand Instructor” (centenary edition) is the text-book used. Throughout the second-year they practise speed. The minimum speed sought to be attained is 80 words per minute. The best students are found to attain a speed of 120 words a minute. In the Final Examination speed tests are held at 80, 100, 120 and 140 words per minute.

Typewriting.—The “Touch” system of Typewriting is carefully taught from the beginning. No particular text-book is used. The students are required to attain a minimum speed of 30 words per minute at the end of the two years’ course. The maximum speed prescribed for the examination,

is 55 words per minute. The intermediate standard of speed test is 40 words per minute. There is also a tabulating examination corresponding to each speed test.

Book-keeping.—The full course of the Day classes in Book-keeping includes instruction in the elementary stage. It is expected that a student shall have already received a satisfactory grounding in English and Arithmetic. A Double Entry system is taught with simple accounts and commercial transactions. Students are taught to open and keep the following books: Purchase Day Book, Sales Day Book, Cash Book, Bill Book, Journal, and Ledger. Instruction is also given in making entries for outgoing and incoming single consignments. In connection with these books instruction is given in Trial Balance and the preparation of Profit and Loss Accounts and Balance Sheets.

5. *Fee.*—The students pay an admission fee of Rs. 3. The monthly tuition fee is Rs. 3. The text-books which the students have to buy cost about Rs. 16.

6. *Attendance.*—The classes are held between 11 A.M. and 4 P.M. except on Saturdays, when they are held between 11 A.M. and 2 P.M. Students of typewriting are allowed to stay later for extra practice.

7. *Session.*—The session begins annually about the end of June and closes about the end of April. The usual Autumn and Christmas holidays are given.

8. *Standard of admission.*—Candidates who have passed the Matriculation examination are eligible for admission. Others are admitted, provided they satisfy the Education Department, by passing a preliminary test examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the teaching. Graduates and Intermediates may be admitted in the second year class provided they have sufficient knowledge in Book-keeping.

Candidates for admission should send in their applications to the Principal before the end of June.

THE EVENING COURSE.

The session begins annually about the end of June and closes about the middle of April.

9. *Evening classes.*—If a sufficient number of students join, evening classes will be formed for the following subjects: Shorthand-writing, Typewriting, Book-keeping, Accountancy and Auditing, Political Economy, Annuities and Insurance, Mercantile Law, Modern English, and Banking and Currency. Fees are paid according to the number of lectures delivered in each subject. Classes were formed last year in all the subjects except Political Economy and Modern English. A student may be a member of one or more classes at his option.

10. *Accountancy and Auditing.*—A new class will be commenced this year to prepare candidates for the Government Examination in Auditing. It has been proposed to hold examinations for a Diploma in Accountancy in Bombay and other centres, but the question has not been finally settled.

11. *Shorthand.*—Students are admitted in July and also in December every year. The examination is held in April. For the session July to November the fee is Rs. 12, payable in four instalments of Rs. 3 each. Only those having a minimum speed of 60 words per minute are admitted in July. For the session December to mid-April, the fee is Rs. 16, payable in four instalments of Rs. 4 each. Those having a speed of 80 words a minute or more are admitted in December. Speed classes are so held as to enable a student to attain any of the four grades of speed required for the Special Examination, viz., 80, 100, 120 and 140 words per minute. There is no Theory class in the evening. The class sits at 6 P.M. daily (except on Saturdays and holidays).

12. *Typewriting*.—Beginners are admitted in July. They are carefully taught the "Touch" system. Advanced students are also admitted in this session. In December, only students having a speed of at least 20 words per minute are admitted. No beginner can join this session. By mid-April, when the examination is held, the minimum speed sought to be attained is 35 words per minute and the maximum is 60 words per minute. There is an intermediate speed test at 45 words per minute. For each of the three speed tests there is a corresponding accuracy test in tabulating, which is carefully taught. The fee is the same as that of the Shorthand class; but a reduction of Re. 1 per instalment of each of the two fees payable by a student, who is simultaneously a member of both the Shorthand and Typewriting classes, is granted, and the same reduction per instalment of each of the three fees payable is made when a student is simultaneously a member of three classes, viz., Shorthand, Typewriting and Book-keeping. The Typewriting class is divided into two groups, the first of which practise from 5 to 6-30 p.m. and the second from 6-30 to 8 p.m. (except on Saturdays and holidays).

13. *Book-keeping*.—The full course of the evening classes in Book-keeping includes instruction in two stages—the Elementary and the Advanced. Preparatory to the Elementary work it is expected that a student shall have a satisfactory grounding in English and Arithmetic—

(a) The first-year class ends with the Special Examination in Elementary Book-keeping.

(b) In the second-year class, ending in the Special Examination in Advanced Book-keeping, the course includes matters as under:—

In the advanced stage there is considered the nature of capital, whether as money or property, stocks, shares, classification of capital, revenue accounts, the use of departmental ledgers, also the establishment and recoupment of sinking funds, investment accounts, public, railway, gas and water companies' accounts. Joint-stock companies' accounts are dealt with completely. Instruction is also given in joint consignments, partnerships, contracts, etc. The nature and purposes of allowances to be made for depreciation in value of property are also made clear.

The fee for the elementary Book-keeping class is Rs. 24, payable in eight instalments of Rs. 3 each, and that of the advanced Book-keeping class is Rs. 32, payable in eight instalments of Rs. 4 each. A reduction of Re. 1 per instalment of each of the two fees payable by a student who is a member simultaneously of two of the classes in Shorthand, Typewriting, or Book-keeping will be granted, and the same reduction is granted per instalment of each of the three fees payable by a student who is a member simultaneously of three of the classes in Shorthand, Typewriting and Book-keeping.

14. *Standard of admission*.—Candidates who have attended the lectures in the day course will be eligible for admission to the evening course. Others will be admitted, provided they appear qualified for the class or classes they seek to join. Candidates for admission to Typewriting and the first-year Book-keeping classes must show that they have sufficient general education. Candidates for admission to the Shorthand and the second-year Book-keeping classes must show that they have sufficient knowledge of Shorthand or Book-keeping, as the case may be.

15. *Examinations and certificates*.—The following examinations will be held annually in April:—

- | | | | |
|------|--|-------|-------------------------------|
| (1) | The Commercial Course Final Examination. | | |
| (2) | A special Examination in Mercantile Law. | | |
| (3) | Ditto | ditto | Banking and Currency. |
| (4) | Ditto | ditto | Outline of Political Economy. |
| (5) | Ditto | ditto | Annuities and Insurance. |
| (6) | Ditto | ditto | Modern English. |
| (7) | Ditto | ditto | Book-keeping (Elementary). |
| (8) | Ditto | ditto | Book-keeping (Advanced). |
| (9) | Ditto | ditto | Shorthand-writing. |
| (10) | Ditto | ditto | Typewriting. |

The fee is Rs. 5 for each Special Examination and Rs. 8 for the Final Examination. The Commercial Course Final Examination at the end of the two years' Day course and the Commercial Course Special Examinations in each of the subjects specified for evening lectures at the end of each year are controlled by the Commercial Course Advisory and Examination Board, a body consisting of educational officers and gentlemen engaged in commerce in Calcutta. On the results of these examinations certificates are granted by the Education Department, these certificates being endorsed by the Secretary, Bengal Chamber of Commerce, which body, as also the Bengal National Chamber of Commerce, have undertaken to publish the list of the successful candidates.

16. *Scholarships*.—Three scholarships of Rs. 12 each per mensem, tenable for one year, will be awarded to those among the students admitted in the first-year Day class in the Government Commercial Institute who have secured the highest number of marks in English in the Matriculation examination of the Calcutta University, and three scholarships of Rs. 20 each per mensem, tenable for one year, will be awarded to the students of the second-year Day class who will obtain the highest total number of marks at a preliminary examination to be held at the end of the first year for the purpose of awarding the scholarships and determining promotion. Holders of junior and senior University Scholarships are not eligible for these scholarships.

Prizes.—First and second prizes of Rs. 75 and Rs. 50 respectively will be offered by the Bengal Chamber of Commerce for competition by the students of the Day class and another prize of Rs. 50 will be offered by the same body for competition among the students of the Evening classes in each of the following subjects :—

Mercantile Law, Banking and Currency, Annuities and Insurance, Political Economy, Modern English, Shorthand and Advanced Book-keeping.

Three prizes are offered by the Remington Typewriter Company to be awarded to the three students of the Institute obtaining the highest marks for efficiency in Typewriting.

17. *Prospects of passed students*.—345 students have been successful in the Final and Special Examinations. All of these are now employed in various offices, both mercantile and Government. A good many of them, viz., those that had joined either the Day or Evening classes with a tolerably fair grounding in English and could therefore make the best use of the training received here, have risen above the level of ordinary clerks and are now drawing from Rs. 60 to Rs. 120. Some of them are reported to be shaping very well in their respective spheres, and are receiving rapid promotion. The Bengal Chamber of Commerce has issued a circular letter containing a request to its members to make it a rule to take the passed students of the *Day classes*, whenever possible, in preference to other clerks, and the Advisory Board has recommended that the Government should pass orders that one-third of the vacancies in the Secretariat Clerical Services (Lower grade) every year should be reserved for our successful candidates in the Final examination. The matter has been sent up for the consideration of Government.

Candidates for admission should send in their applications to the Principal before the end of June.

Simla, the 11th May 1915.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the Fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The Fund is now of ten years' standing and has a balance of over three and-a-half lakhs with Government on four per cent. interest. For forms of applications and rules of the Fund apply to the Comptroller, India Treasuries Imperial Secretariat Buildings, Calcutta.

Notice.

WITH reference to the notice dated 10th February 1915 (which was published in the Supplement to the *Gazette of India* dated 13th February 1915 and in Provincial Gazettes), inviting tenders for a license to extract and purchase padauk and other timbers from the forests of the North and Middle Andaman Islands, it is hereby notified that tenders should be submitted so as to reach the Secretary to the Government of India Department of Revenue and Agriculture, Simla, on or before the 1st June 1916 instead of the 1st September 1915, as previously announced in paragraph 19 of the notice.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depot; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depot, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad

READ—

The Annual Report on Emigration from the Port of Calcutta to British and Foreign Colonies during the year 1914.

THE chief feature of the year was the effect of the war on emigration to the colonies. There was little change in the demand for labour, but, as Government had chartered the emigrant ships for purpose of transport,

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 12th July 1915.

Summary.—During the week under review heavy rain fell over the greater part of northern and eastern districts, but it was light elsewhere. Preparation of fields for winter rice and transplantation of seedlings continue; but more rain is needed for these operations in parts of the Presidency and Burdwan Divisions. Weeding of *bhadai* crops is still going on in some western districts. Harvesting of early *aus* rice is in progress. Excepting in some of the low lands in the eastern and northern districts, the prospects of all the standing crops are reported to be generally fair. Cattle-disease is reported from eight districts. The average price of common rice for the province has slightly risen as compared with that of the previous week. Gratuitous relief and agricultural loans continue to be given in Noakhali. Test relief-works have also been opened in Tippera and Noakhali.

CUSTOMS.

The 17th July 1915.

No. 11680-W.—The following Order in Council is published for general information :—

AT THE COUNCIL CHAMBER, WHITEHALL.

The 24th day of June, 1915.

By the Lords of His Majesty's Most Honourable Privy Council.

WHEREAS it is provided by Section 2 of the Customs (Exportation Prohibition) Act, 1914, that any Proclamation or Order in Council made under Section 8 of the Customs and Inland Revenue Act, 1879, as amended by the Act now in recital, may, whilst a state of war exists, be varied or added to by an Order made by the Lords of the Council on the recommendation of the Board of Trade :

And whereas it is provided by Section 2 of the Customs (Exportation Restriction) Act, 1914, that any Proclamation made under Section one of the Exportation of Arms Act, 1900, may, whether the Proclamation was made before or after the passing of the Act now in recital, be varied or added to by an Order made by the Lords of the Council on the recommendation of the Board of Trade:

And whereas by a Proclamation, dated the 3rd day of February, 1915, and made under Section 8 of the Customs and Inland Revenue Act, 1879, and Section one of the Exportation of Arms Act, 1900, and Section one of the Customs (Exportation Prohibition) Act, 1914, the exportation from the United Kingdom of certain Warlike Stores was prohibited:

And whereas by subsequent Orders of Council the said Proclamation was amended and added to in certain particulars:

And whereas there was this day read at the Board a recommendation from the Board of Trade to the following effect:—

That the Proclamation, dated the 3rd day of February, 1915, as amended and added to by subsequent Orders of Council, should be further amended by making the following amendments in and additions to the same:—

1. That the following articles should be added to the list of goods the exportation of which is prohibited to all destinations:—

Capsicum and oleo-resin of capsicum.

Chemicals, drugs, &c., viz.:—

Caffeine and its salts.

Paraldehyde.

Theobromine-sodium salicylate.

2. That the following articles should be added to the list of goods the exportation of which is prohibited to all destinations abroad other than British Possessions and Protectorates:—

Bone ash.

Guanos.

Phosphates of metals, manufactured.

Phosphate rock, viz.:—

Apatites.

Phosphates of lime and alumina.

Phosphides.

Phosphoric acids and oxides.

Steel containing tungsten or molybdenum or both, and any tools or other articles made from such steel.

3. That the heading "Rubber (including raw, waste, and reclaimed rubber, solutions containing rubber, jellies containing rubber, or any other preparations containing rubber) and goods made wholly of rubber; including tyres for motor vehicles and for cycles, together with articles or materials especially adapted for use in the manufacture or repair of tyres" in the list of goods the exportation of which is prohibited to all destinations abroad other than British Possessions and Protectorates should be deemed to include balata and gutta-percha and the following varieties of rubber, viz.:—"Bornco, Guayule, Jelutong, Palembang, Pontianac, and all other substances containing caoutchouc"; and that the words "goods made wholly or partly of rubber" should be substituted for the words "goods made wholly of rubber" in the aforesaid heading.
4. That the heading "rosin" in the list of goods the exportation of which is prohibited to all foreign ports in Europe and on the Mediterranean and Black Seas, other than those of France, Russia (except Baltic ports), Belgium, Spain and Portugal, should be deleted.
5. That the exportation of the following goods should be prohibited to all foreign ports in Europe and on the Mediterranean and Black Seas, other than those of France, Russia (except Baltic ports), Spain and Portugal:—

Cotton yarn and thread.

Gums, resins, balsams, and resinous substances of all kinds, except such as contain caoutchouc (the export of substances containing caoutchouc being prohibited to all destinations abroad other than British Possessions and Protectorates).

Hair, animal, of all kinds; and tops, noils and yarns of animal hair.

6. That the exportation of the following goods should be prohibited to ports in Denmark, the Netherlands, Norway, and Sweden :—

Terneplates.

7. That the exportation of “tin-plates, including tin boxes and tin canisters for food packing” which is prohibited to ports in Denmark, the Netherlands, and Sweden, should be prohibited also to ports in Norway.

NOW THEREFORE, Their Lordships, having taken the said recommendation into consideration, are pleased to order, and it is hereby ordered, that the same be approved.

Whereof the Commissioners of His Majesty's Customs and Excise, the Director of the War Trade Department, and all other persons whom it may concern, are to take notice and govern themselves accordingly.

Almeric Fitzroy.

- (b) B. Sc. Examination:—Physics, Mathematics (Pass and Honours) and Chemistry.
- (c) I. A. Examination:—English, Vernacular Composition, History, Sanskrit, Persian, Mathematics, Physics and Chemistry.
- (d) I. Sc. Examination:—English, Vernacular Composition, Chemistry, Mathematics and Physics.

All possible combinations of subjects are permitted; but, as a rule, the I. A. students are not allowed to take up Physics.

The monthly tuition fee is Rs. 6. The annual fee for games is Re. 1-4 and for the Common-room Re. 1. The admission fee for new students is Rs. 7 including Re. 1 for the Athletic Club.

There are two Hostels attached to the College and quite close to it—one for the Hindu students and the other for the Muhammadan students. The Hostels are situated in healthy localities close to the river. The climate of Chinsura has improved owing to the recent installation of water-works. No seat-rent is charged in either Hostel. The messing and establishment charges of the Hindu Hostel amount to about Rs. 10-8, and those of the Muhammadan Hostel about Rs. 7-8, per month.

Students will be admitted from the 14th of June next. Application should be made on a printed form, which will be supplied on receipt of a half-anna postage stamp or on personal application at the College office.

On account of the addition of a new block to the College Laboratory, a larger number of B. A. and B. Sc. students will be admitted in the next session than has hitherto been possible.

There are Pledership Classes attached to the College, the monthly tuition fee of which is Rs. 7.

KRISHNAGAR, the 8th May 1915.

PROSPECTUS OF THE GOVERNMENT COMMERCIAL INSTITUTE.

THE Government Commercial Institute, Calcutta, affords a training of a practical and businesslike character, well up to date and capable of direct application to the commerce and trade of the city. It is neither a business college in which the academic element exceeds the vocational in relative importance nor a secondary school of commerce, but a higher school of commerce in which the vocational element predominates *but in a liberal manner*.

2. There is a specialised Day Course extending over two years, ending in the Commercial Course Final Examination. Provision is also made for more advanced and more technical instruction by means of evening lectures on Advanced Book-keeping, high speed in Shorthand and Typewriting, Political Economy, Mercantile Law, Annuities and Insurance, Banking and Currency, and Accountancy, ending annually in Special Examinations in each of the subjects. These lectures are intended to give persons already employed in business a chance of improving their efficiency as first-rate Shorthand-writers, Typists, Book-keepers, or Auditors, and of gaining an intelligent insight into the economical, financial and legal principles on which commerce is based.

3. The aim of the Institute is to turn out a type of young man who, if he has received a thorough grounding in the ordinary school subjects, especially in English, has the makings of a useful assistant either in commercial or in Government offices, and who, if he is willing to avail himself of the facilities offered for more advanced and more technical instruction by means of evening lectures, may become well equipped to be a businessman.

THE DAY COURSE.

4. There are two day classes—a first-year class and a second-year class. Papers are now before the Government proposing the following course of study, which, if sanctioned, will be introduced for the coming session :^{*}—

COMPULSORY SUBJECTS.

- (1) Modern English, and especially English correspondence, including commercial correspondence, letter drafting and *précis*-writing.
- (2) Arithmetic, including commercial and mental arithmetic.
- (3) An Indian Vernacular, such as Bengali, Hindi, Urdu, Uriya, &c.
- (A special paper for Anglo-Indian candidates.)
- (4) Commercial Geography.
- (5) Book-keeping.

OPTIONAL SUBJECTS.

- (1) Shorthand.
- (2) Typewriting.
- (The marks obtained in optional subjects will count towards scholarships, a class, or a mark of distinction.)

^{*} Note—The course of study has hitherto been as follows :—

- (1) Modern English, and especially English correspondence, including commercial correspondence, letter drafting and *précis*-writing.
- (2) Arithmetic including commercial and mental arithmetic.
- (3) One of the following languages, namely, Bengali, Hindi, Urdu, Uriya, French, German or Latin.
- (4) One of the following subjects, namely, book-keeping, shorthand-writing or typewriting.
- (5) Commercial Geography.

English.—The English teaching is as severely practical as it can be made. In the first-year class, the students regularly practise dictation and essay-writing. They also practise writing easy letters, both official and business, as between a private man and a firm, and making index and *précis* of such letters.

In the second-year class they study the advanced stages of Commercial Practice or Business Methods and are drilled constantly to work out complete transactions, enabling them to appreciate not only the exact relation which one item bears to another but also the place of each in the completed whole, the transactions given in outline furnishing material for unaided work on the part of the students. They now practise making index and continuous *précis*, not only of all the series of letters arising in the transactions given but also of longer official letters and their replies from such bodies as Chambers of Commerce and other Associations. Their papers are corrected and returned soon after they are submitted. No text-books being prescribed, the students are under no temptation to cram, their capacity to write simple correct English with perspicuity and brevity thus developing under careful guidance.

Modern Bengali, including Bengali commercial correspondence, etc.—In Bengali “Kapalkundala” by Bankim Chandra Chatterjea is prescribed as a text-book affording a model for style and diction. Besides this language work, practices and principles obtaining in the commercial transactions covering different branches are also taught in Bengali, giving the Bengali students a further opportunity to learn them and to practise drafting business letters in their mother-tongue. They are required also to make index and *précis*, in Bengali, of commercial letters.

In order that they may be able to express themselves clearly and accurately in Bengali and in English and with a view more effectively to supplement the practical teaching in English, special attention is paid to translation of passages from English into Bengali and retranslation after some time has elapsed, and *vice versa*.

Commercial Geography.—The course in Commercial Geography deals specially with the relations of cause and effect that hold good between the general principles of geography and the occurrence, production, and exchange of commodities. It also deals in an elementary way with the history of commodities.

The Commercial Geography text-books used are “Commercial Geography of the World” by A. J. Herbertson, “A Short Commercial Geography” by L. W. Lyde, “Elementary Commercial Geography” by H. R. Mill, “A School Economic Atlas” by J. G. Bartholomew, and “A New Geography of the Indian Empire and Ceylon” by Morrison.

Commercial and Mental Arithmetic.—In Arithmetic the students are taught addition, subtraction, multiplication and division—simple and compound; approximation in multiplication and division; G. C. M. and L. C. M.; fractions—vulgar and decimal; practice; proportion—simple and compound (*i.e.*, simple rule of three and double rule of three); the metric system; percentages, commission, etc.; proportional division; profit and loss; mixtures; interest—simple and compound; present worth and discount; stocks and shares; exchange—chain rule; square root. Grant and Hill’s “Commercial Arithmetic” and “Mental Arithmetic” are used.

Shorthand.—During the first-year of the course the students are thoroughly grounded in the theory of Pitman’s Shorthand and are expected to attain a speed of 50 words per minute at the end of the year. “Pitman’s Shorthand Instructor” (centenary edition) is the text-book used. Throughout the second-year they practise speed. The minimum speed sought to be attained is 80 words per minute. The best students are found to attain a speed of 120 words a minute. In the Final Examination speed tests are held at 80, 100, 120 and 140 words per minute.

Typewriting.—The “Touch” system of Typewriting is carefully taught from the beginning. No particular text-book is used. The students are required to attain a minimum speed of 30 words per minute at the end of the two years’ course. The maximum speed prescribed for the examination,

is 55 words per minute. The intermediate standard of speed test is 40 words per minute. There is also a tabulating examination corresponding to each speed test.

Book-keeping.—The full course of the Day classes in Book-keeping includes instruction in the elementary stage. It is expected that a student shall have already received a satisfactory grounding in English and Arithmetic. A Double Entry system is taught with simple accounts and commercial transactions. Students are taught to open and keep the following books: Purchase Day Book, Sales Day Book, Cash Book, Bill Book, Journal, and Ledger. Instruction is also given in making entries for outgoing and incoming single consignments. In connection with these books instruction is given in Trial Balance and the preparation of Profit and Loss Accounts and Balance Sheets.

5. *Fee.*—The students pay an admission fee of Rs. 3. The monthly tuition fee is Rs. 3. The text-books which the students have to buy cost about Rs. 16.

6. *Attendance.*—The classes are held between 11 A.M. and 4 P.M. except on Saturdays, when they are held between 11 A.M. and 2 P.M. Students of typewriting are allowed to stay later for extra practice.

7. *Session.*—The session begins annually about the end of June and closes about the end of April. The usual Autumn and Christmas holidays are given.

8. *Standard of admission.*—Candidates who have passed the Matriculation examination are eligible for admission. Others are admitted, provided they satisfy the Education Department, by passing a preliminary test examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the teaching. Graduates and Intermediates may be admitted in the second year class provided they have sufficient knowledge in Book-keeping.

Candidates for admission should send in their applications to the Principal before the end of June.

THE EVENING COURSE.

The session begins annually about the end of June and closes about the middle of April.

9. *Evening classes.*—If a sufficient number of students join, evening classes will be formed for the following subjects: Shorthand-writing, Typewriting, Book-keeping, Accountancy and Auditing, Political Economy, Annuities and Insurance, Mercantile Law, Modern English, and Banking and Currency. Fees are paid according to the number of lectures delivered in each subject. Classes were formed last year in all the subjects except Political Economy and Modern English. A student may be a member of one or more classes at his option.

10. *Accountancy and Auditing.*—A new class will be commenced this year to prepare candidates for the Government Examination in Auditing. It has been proposed to hold examinations for a Diploma in Accountancy in Bombay and other centres, but the question has not been finally settled.

11. *Shorthand.*—Students are admitted in July and also in December every year. The examination is held in April. For the session July to November the fee is Rs. 12, payable in four instalments of Rs. 3 each. Only those having a minimum speed of 60 words per minute are admitted in July. For the session December to mid-April, the fee is Rs. 16, payable in four instalments of Rs. 4 each. Those having a speed of 80 words a minute or more are admitted in December. Speed classes are so held as to enable a student to attain any of the four grades of speed required for the Special Examination, viz., 80, 100, 120 and 140 words per minute. There is no Theory class in the evening. The class sits at 6 P.M. daily (except on Saturdays and holidays).

12. *Typewriting*.—Beginners are admitted in July. They are carefully taught the "Touch" system. Advanced students are also admitted in this session. In December, only students having a speed of at least 20 words per minute are admitted. No beginner can join this session. By mid-April, when the examination is held, the minimum speed sought to be attained is 35 words per minute and the maximum is 60 words per minute. There is an intermediate speed test at 45 words per minute. For each of the three speed tests there is a corresponding accuracy test in tabulating, which is carefully taught. The fee is the same as that of the Shorthand class; but a reduction of Re. 1 per instalment of each of the two fees payable by a student, who is simultaneously a member of both the Shorthand and Typewriting classes, is granted, and the same reduction per instalment of each of the three fees payable is made when a student is simultaneously a member of three classes, viz., Shorthand, Typewriting and Book-keeping. The Typewriting class is divided into two groups, the first of which practise from 5 to 6-30 p.m. and the second from 6-30 to 8 p.m. (except on Saturdays and holidays).

13. *Book-keeping*.—The full course of the evening classes in Book-keeping includes instruction in two stages—the Elementary and the Advanced. Preparatory to the Elementary work it is expected that a student shall have a satisfactory grounding in English and Arithmetic—

- (a) The first-year class ends with the Special Examination in Elementary Book-keeping.
- (b) In the second-year class, ending in the Special Examination in Advanced Book-keeping, the course includes matters as under :—

In the advanced stage there is considered the nature of capital, whether as money or property, stocks, shares, classification of capital, revenue accounts, the use of departmental ledgers, also the establishment and reconpiment of sinking funds, investment accounts, public, railway, gas and water companies' accounts. Joint-stock companies' accounts are dealt with completely. Instruction is also given in joint consignments, partnerships, contracts, etc. The nature and purposes of allowances to be made for depreciation in value of property are also made clear.

The fee for the elementary Book-keeping class is Rs. 24, payable in eight instalments of Rs. 3 each, and that of the advanced Book-keeping class is Rs. 32, payable in eight instalments of Rs. 4 each. A reduction of Re. 1 per instalment of each of the two fees payable by a student who is a member simultaneously of two of the classes in Shorthand, Typewriting, or Book-keeping will be granted, and the same reduction is granted per instalment of each of the three fees payable by a student who is a member simultaneously of three of the classes in Shorthand, Typewriting and Book-keeping.

14. *Standard of admission*.—Candidates who have attended the lectures in the day course will be eligible for admission to the evening course. Others will be admitted, provided they appear qualified for the class or classes they seek to join. Candidates for admission to Typewriting and the first-year Book-keeping classes must show that they have sufficient general education. Candidates for admission to the Shorthand and the second-year Book-keeping classes must show that they have sufficient knowledge of Shorthand or Book-keeping, as the case may be.

15. *Examinations and certificates*.—The following examinations will be held annually in April :—

- (1) The Commercial Course Final Examination.
- (2) A special Examination in Mercantile Law.
- (3) Ditto ditto Banking and Currency.
- (4) Ditto ditto Outline of Political Economy.
- (5) Ditto ditto Annuities and Insurance.
- (6) Ditto ditto Modern English.
- (7) Ditto ditto Book-keeping (Elementary).
- (8) Ditto ditto Book-keeping (Advanced).
- (9) Ditto ditto Shorthand-writing.
- (10) Ditto ditto Typewriting.

The fee is Rs. 5 for each Special Examination and Rs. 8 for the Final Examination. The Commercial Course Final Examination at the end of the two years' Day course and the Commercial Course Special Examinations in each of the subjects specified for evening lectures at the end of each year are controlled by the Commercial Course Advisory and Examination Board, a body consisting of educational officers and gentlemen engaged in commerce in Calcutta. On the results of these examinations certificates are granted by the Education Department, these certificates being endorsed by the Secretary, Bengal Chamber of Commerce, which body, as also the Bengal National Chamber of Commerce, have undertaken to publish the list of the successful candidates.

16. *Scholarships*.—Three scholarships of Rs. 12 each per mensem, tenable for one year, will be awarded to those among the students admitted in the first-year Day class in the Government Commercial Institute who have secured the highest number of marks in English in the Matriculation examination of the Calcutta University, and three scholarships of Rs. 20 each per mensem, tenable for one year, will be awarded to the students of the second-year Day class who will obtain the highest total number of marks at a preliminary examination to be held at the end of the first year for the purpose of awarding the scholarships and determining promotion. Holders of junior and senior University Scholarships are not eligible for these scholarships.

Prizes.—First and second prizes of Rs. 75 and Rs. 50 respectively will be offered by the Bengal Chamber of Commerce for competition by the students of the Day class and another prize of Rs. 50 will be offered by the same body for competition among the students of the Evening classes in each of the following subjects :—

Mercantile Law, Banking and Currency, Annuities and Insurance, Political Economy, Modern English, Shorthand and Advanced Book-keeping.

Three prizes are offered by the Remington Typewriter Company to be awarded to the three students of the Institute obtaining the highest marks for efficiency in Typewriting.

17. *Prospects of passed students*.—345 students have been successful in the Final and Special Examinations. All of these are now employed in various offices, both mercantile and Government. A good many of them, viz., those that had joined either the Day or Evening classes with a tolerably fair grounding in English and could therefore make the best use of the training received here, have risen above the level of ordinary clerks and are now drawing from Rs. 60 to Rs. 120. Some of them are reported to be shaping very well in their respective spheres, and are receiving rapid promotion. The Bengal Chamber of Commerce has issued a circular letter containing a request to its members to make it a rule to take the passed students of the *Day classes*, whenever possible, in preference to other clerks, and the Advisory Board has recommended that the Government should pass orders that one-third of the vacancies in the Secretariat Clerical Services (Lower grade) every year should be reserved for our successful candidates in the Final examination. The matter has been sent up for the consideration of Government.

Candidates for admission should send in their applications to the Principal before the end of June.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

REPORT ON THE ADMINISTRATION OF THE SALT DEPARTMENT IN BENGAL DURING THE YEAR 1914-15.

NOTIFICATION.

No. 1315S.R.—The 19th July 1915.—The following extracts from the Report of the Commissioner of Excise and Salt, Bengal, on the administration of the Salt Department in the Presidency of Bengal during the year 1914-15, are published for general information.

J. DONALD,
Offg. Secy. to the Govt. of Bengal.

No. 93S., dated Calcutta, the 25th June 1915.

From—A. N. MOBERLY, ESQ., I.C.S., Commissioner of Excise and Salt,
Bengal.

To—The Secretary to the Government of Bengal, Financial
Department.

I HAVE the honour to submit the following consolidated report on the administration of the Salt Department for the year 1914-15. The report deals with preventive operations in the saliferous districts of the Presidency, which were under the control of the Commissioner of Excise and Salt, and with the importation and issues of salt under the control of the Customs authorities.

2. Charge of the Department.—I was in charge of the department throughout the year.

CHAPTER I.

General.

4. Credit system of payment of duty.—There was a decrease in the operations under the salt credit system. From the statement furnished by the Collector of Customs, Calcutta, it appears that securities to the extent of Rs. 43,34,500 were deposited during the year against Rs. 50,16,500 in 1913-14. The quantity of salt issued under the system amounted to 92,20,683½ maunds against 1,00,00,493 maunds in the previous year. There were 42 depositors during the year, five of whom closed their accounts, leaving a balance of 37.

5. Extension of the salt-bonding accommodation at Sulkea and replacement of turn-tables.—The construction of brick footpaths round the new *golas* at Sulkea and the addition of cradles to the old pontoons were completed during the year and the two new pontoons were opened to traffic. The East Indian Railway authorities were unable to complete the work of replacing the four small turn-tables by two larger ones, for which a special grant of Rs. 11,142 was allotted in 1913-14. One has been provided and an order for the second one has been placed in England; its arrival is expected before long and the work of putting it in position will be taken up as soon as it is landed. The building of 13 new porticoes to *gola* entrances was completed during the year. These provide shelter and facilitate the opening of new *golas*. The Kidderpore *golas* were closed on the 3rd September 1914 and have been completely dismantled.

6. Construction of Salt *golas* at Chittagong.—The new *golas* did not prove very satisfactory owing to the abnormal wastage which is caused by the damp. The "Well" type of *gola* appears to be unsuited to Chittagong and estimates have been called for to raise the floor to the level of the outside drains. There was no lack of storage space, as the import of salt was less than that of the previous year.

7. Consumption of duty-free Salt for commercial purposes.—The quantity of salt delivered free of duty for commercial purposes or on which a drawback of duty was subsequently allowed for the same reason amounted to 7,900 maunds as compared with 10,922 maunds in 1913-14.

CHAPTER II.**Stocks, Imports and clearances.**

8. **Accounts of stocks and issues.**—The stocks, imports and clearances of salt in and from the ports of Calcutta and Chittagong for the years 1913-14 and 1914-15 are shown below :—

Stocks, imports, etc.	1913-14.	1914-15.
	Mds.	Mds.
Total of all stocks at the commencement of the year	20,52,846	31,63,664
Total quantity imported during the year	1,56,08,456	1,19,66,504
Excess found in the <i>golas</i>	9,746	6,071
Total	1,76,71,048	1,51,36,239
Quantity on which duty was paid during the year	1,36,16,073	1,38,65,658
Quantity which passed free of duty for the manufacture of glazed stoneware, etc.	5,036	4,352
Quantity of non-duty paid salt removed under bond to all inland warehouses	7,78,195	5,20,322
Quantity written off during the year for wastage or otherwise	1,08,080	97,734
Total	1,45,07,384	1,44,88,066
Balance at the close of the year	31,63,664	6,48,173

The import figures show the considerable decrease of about 36½ lakhs of maunds though there was a small increase in clearances.

9. **Imports.**—

The total imports into Calcutta decreased by 33 lakhs of maunds or 23·3 per cent. With the exception of prize cargoes there has been no importation from Germany since the war broke out. The importation of salt from Madras is probably due to lower freights being obtained during the last quarter, and this fact also accounts for the increase in imports from Aden. With these exceptions there was a large general decrease, which was particularly marked in the case of imports from the United Kingdom, Spain and Salif and was due to the shortage of tonnage and high freights.

There was a decrease of over 3 lakhs of maunds, or 23·6 per cent., in the imports into the port of Chittagong. Whilst imports from Aden increased by over 70 per cent., there was a decrease of 50 per cent. in imports from Port Said salt. There were no imports from Spain or Massowah owing to no tonnage being available, or from Germany owing to the war.

Out of the total importation of 1,08,84,563 maunds into the port of Calcutta, 72,17,366 maunds, or 66 per cent., were bonded in the Sulkea and Kidderpore *golas* during the year as against a percentage of 75 in the previous year. The quantity bonded and the balance remaining in bond at the close of the year were lower than in any year since 1907-08.

10. **Sales of imported salt from shipboard and bond.**

In Calcutta the sales direct from shipboard show an increase of 12·1 per cent., and those from bond a decrease of 3·4 per cent. In Chittagong the sales direct from shipboard exhibit an increase of 30·7 per cent., and those from bond 10·7 per cent. There was an increase of 0·5 per cent. in the total sales of imported salt. All the vessels carrying salt to Calcutta were steamers.

11. **Transactions in the golas.**—The total transactions at the *golas* in Calcutta and Chittagong for the past five years are given below:—

Year.		Calcutta.	Chittagong.
		Mds.	Mds.
1910-11	...	1,69,74,317	9,94,315
1911-12	...	1,89,16,765	14,60,568
1912-13	...	1,89,70,290	23,01,492
1913-14	...	2,01,32,936	19,52,207
1914-15	...	1,58,60,486	15,95,103

The quantity of salt handled at Sulkea was 1,55,25,290 maunds against 1,73,31,549 maunds in the preceding year, and that at Kidderpore 3,35,196 maunds against 28,01,387 maunds in 1913-14.

13. **Inland bonded warehouses.**—There were 8 private bonded warehouses in the Presidency against 9 in the previous year, viz., 1 at Narainganj (Dacca), 1 at Bhairab Bazar (Mymensingh), 1 at Madaripur (Faridpur), 4 at Jhalakati (Bakarganj) and 1 at Chandpur (Tippera). One *gola* at Narainganj was closed during the year. Two private licensed warehouses were opened during the year in Chittagong to accommodate the salt removed from one compartment of the new *golas* where water accumulated. The quantity of salt despatched to the 8 inland warehouses from shipboard and *golas* in the ports of Calcutta and Chittagong was 3,91,336 maunds against 6,34,195 maunds in the previous year showing a decrease of 38·2 per cent. The quantity of salt despatched from shipboard to the bonded warehouses at Chandbali in Bihar and Orissa and at Ajmiriganj in Assam was 81,986 maunds and 47,000 maunds, respectively, against 1,08,000 maunds and 36,000 maunds in the previous year, showing an aggregate decrease of 15,014 maunds or 10·4 per cent.

CHAPTER III.

Consumption and Prices.

16. **Consumption.**—The total quantity of salt which passed into consumption in this Presidency during the year 1914-15 was 78,04,469 maunds. This is exclusive of 60,95,166 maunds, the net export by rail, road or river, but inclusive of 80 maunds deduced from saltpetre.

17. **Prices of salt in Bengal generally.**— * * *
There was an increase of 4 annas 6 pies in the average as compared with the previous year, which is attributed to the rise in the price of imported salt.

The retail prices in the saliferous districts showed an increase, the price per seer ranging from 9 pies to 1 anna 6 pies. The average wholesale price per 100 maunds of Liverpool salt as sold from the ship's side in the port of Calcutta exclusive of duty was Rs. 77-4-9 against Rs. 54-6-7 in the previous year. The Collector of Customs, Calcutta, reports that there was an upward tendency in the market prices of salt during the first half of the year, and after the declaration of war the prices went up abnormally, especially in anticipation of an enhancement of the salt duty, some transactions being 250 per cent. over normal during the last quarter of the year. In the port of Chittagong the rise in prices is also attributed to the general effect of the European war on the salt market.

CHAPTER V.

Financial Results.

22. Receipts and charges.—

* * *

As compared with 1913-14, receipts show an increase of Rs. 9,83,387 or 7·5 per cent., and charges an increase of Rs. 585 or 0·1 per cent. The net revenue was Rs. 1,36,91,938, which was greater than that of the previous year by Rs. 9,82,802 or 7·7 per cent. The increase in the receipts occurred mainly under the head "Import duty on salt." The charges do not include any share of the cost of the Customs Preventive Service, which is largely employed in safeguarding the salt revenue.

CHAPTER VI.

Miscellaneous.

23. **Saltpetre refineries and Soda factories.**—There were three licensed saltpetre refineries at Soorah, Kakurgachi and Maniktola under the Commissioner of Salt, Bengal, as in the previous year. There was also a factory for the manufacture of sulphate of soda by artificial heat at Tangra. The Soorah factory was closed during the year * * * and work at Kakurgachi was stopped * * * although a license was taken out.

The quantity of refined saltpetre produced during the year was 1,824 maunds against 5,351 maunds in the previous year. The quantity of salt educed in the process of refinement of saltpetre was 24 maunds only as compared with 742 maunds in 1913-14, and the quantity of *sitta* (impure salt) left in the course of refinement was 41 maunds against 925 maunds in the previous year. These decreases were due to the closure of the Soorah refinery and the stoppage of work at Kakurgachi. The disproportionate decrease in the production of salt and *sitta* was due to the fact that the Maniktola refinery, which alone was at work during the year, imported crude saltpetre of superior quality. Eighty maunds of educed salt were sold during the year against 261 maunds in the previous year, the duty realized being Rs. 80 against Rs. 261 in 1913-14. Four hundred and ninety maunds of salt were destroyed for want of purchasers. The license fees realized from the two saltpetre refineries and the factory for the manufacture of sulphate of soda were Rs. 100 and Rs. 2 respectively.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 19th July 1915.

Summary.—During the week under review seasonable rain fell in the Darjeeling and Jalpaiguri districts and in parts of the Mymensingh district. The fall was light to moderate elsewhere. More rain is urgently wanted, especially in Western Bengal for the transplantation of paddy seedlings and also generally for the growth of the standing crops. Weeding of the *bhadoi* crops is practically over. Harvesting of *aus* paddy and jute is in progress in the eastern districts; steeping and washing of jute have also commenced. The prospects of *aus* paddy and jute are fair to good and those of winter rice are generally promising. Locusts have appeared in certain tea gardens of the Darjeeling district. The daily average of persons employed on relief works in Tippera and Noakhali during the week amounted to 1,524 and 1,757 respectively. The total number of persons in receipt of gratuitous relief in Noakhali during the week was 38,206. Cattle-disease is reported from nine districts. The average price of common rice has risen by 1 per cent. as compared with that of the previous week.

COMMERCE AND TRADE.

The 24th July 1915.

No. 12221-W.—The following Royal Proclamation is published for general information:—

BY THE KING.

A PROCLAMATION

RELATING TO TRADING WITH PERSONS OF ENEMY NATIONALITY RESIDENT OR CARRYING ON BUSINESS IN CHINA, SIAM, PERSIA OR MOROCCO.

GEORGE R.I.

WHEREAS it is expedient that transactions between British subjects and persons of enemy nationality resident or carrying on business in China, Siam, Persia, or Morocco should be restricted in manner provided by this Proclamation:

Now, THEREFORE, We have thought fit, by and with the advice of Our Privy Council, to issue this Our Royal Proclamation declaring, and it is hereby declared as follows:—

1. The Proclamations for the time being in force relating to Trading with the Enemy shall, as from the twenty-sixth day of July, nineteen hundred and fifteen, apply to any person or body of persons of enemy nationality resident or carrying on business in China, Siam, Persia, or Morocco in the same manner as they apply to persons or bodies of persons resident or carrying on business in an enemy country:

Provided that where an enemy has a branch locally situated in China, Siam, Persia, or Morocco, nothing in Article 6 of the Trading with the Enemy Proclamation No. 2 shall be construed so as to prevent transactions by or with that branch being treated as transaction by or with an enemy.

2. Nothing in this Proclamation shall be taken to prohibit anything which may be specially permitted by Our license or by a license given on Our behalf by a Secretary of State or the Board of Trade or the Lords Commissioners of Our Treasury.

3. This Proclamation shall be called the Trading with the Enemy (China, Siam, Persia, and Morocco) Proclamation, 1915.

Given at Our Court at Buckingham Palace, this twenty-fifth day of June, in the year of Our Lord one thousand nine hundred and fifteen, and in the Sixth year of Our Reign.

GOD SAVE THE KING.

C. E. Low,

Secy. to the Govt. of India.

The following orders, issued by the Government of India in the Army Department, published in the *Gazette of India* dated the 24th July 1915, are republished for general information.

J. H. KERR,
Offy. Chief Secy. to the Govt. of Bengal.

Simla, the 23rd July 1915.

JUDICIAL.

No. 692.—In exercise of the powers conferred by section 113 of the Indian Army Act 1911 (VIII of 1911), the Governor-General in Council is pleased to direct that the following amendments shall be made in Form No. 1—Combatants—Enrolment of—published in the First Appendix to the Indian Army Act, Rules promulgated in the *Gazette of India*, Army Department Notification No. 911, dated the 3rd November 1911:—

In questions 6 and 7, after the words “Native State” occurring therein, the following shall be inserted, namely:—

“or the Nepal State Army.”

No. 693.—In pursuance of section 2 of the Defence of India (Criminal Law Amendment) Act, 1915 (IV of 1915), the Governor-General in Council is pleased to make the following rules:—

Short title.	1. These rules may be called the Defence of India (Military) Rules, 1915.
Definitions.	2. In these rules, unless there is anything repugnant in the subject or context,—

- (i) “The Act” means the Defence of India (Criminal Law Amendment) Act, 1915.
- (ii) “Competent military authority” means the Commander-in-Chief in India, the General Officer Commanding an Army, a Division, a Divisional Area, a Brigade, or any British commissioned officer in independent command of a corps or detachment of His Majesty’s Forces.
- (iii) “Defended harbour” means any area declared by a notification in this behalf of the Governor-General in Council in the *Gazette of India* to be a defended harbour for the purpose of these rules.

3. (1) In any area in which the Governor-General in Council may, by notification in the *Gazette of India*, declare that the provisions of this rule shall be in force, it shall be lawful for the competent military authority and any person duly authorised by him by order in writing where, for the purpose of securing the public safety or the defence of British India, it is necessary so to do—

- (a) to take possession of any land and to construct military works, including roads, thereon, and to remove any trees, hedges, and defences therefrom;
- (b) to take possession of any buildings or other property, whether moveable or immoveable, including works for the supply of gas, electricity, or water, and of any sources of water-supply;
- (c) to take such steps as may be necessary for placing any buildings or structures in a state of defence;
- (d) to cause any buildings or structures to be destroyed or any property of any kind to be moved, from one place to another, or to be destroyed; and
- (e) to do any other act involving interference with private rights of property which is necessary for the purpose aforesaid.

(2) The Chief Presidency Magistrate in a Presidency-town and the District Magistrate elsewhere may, on the application of any person who has suffered loss by the exercise of the power conferred by sub-rule (1), award to such person such compensation as he thinks reasonable, and such award shall be final.

4. The competent military authority and any person authorised by him by order in writing shall have right of access to any land or buildings, or other property whatsoever, and may also by order provide for the temporary suspension of rights of way over such land, buildings or other property.

5. The competent military authority may, by order if he considers it necessary so to do for the purposes of any military operation or work of defence or other defended military work, or of any work for which it is deemed necessary for the purposes of the Act to afford military protection, close or divert any road or pathway over or adjoining the land on which such work is situate for so long as the order remains in force :

Provided that, where any such road or pathway is so closed or diverted, the competent military authority shall—

(1) give notice in writing to the public or local authority (if any) in whose charge such road or pathway is ;

(2) public notice thereof in such manner as he may consider best adapted for informing the public, and where any road or pathway is stopped up by means of any physical obstruction, he shall cause lights sufficient for the warning of passengers to be set up every night whilst the road or pathway is so stopped up ; and

(3) restore any such road or pathway to its original use and condition as soon as the military necessities of the case permit this to be done.

6. Where a competent military authority so orders, all persons residing or owning or occupying land, houses, or other premises in such area as may be specified, in the order, or such of those persons as may be so specified, shall, within such time as may be so specified, furnish a list of all goods, animals, and other commodities of any nature or description so specified, which may be in their custody or under their control within the specified area, on the date on which the order is issued, stating their nature and quantity, and the place in which they are severally situated, and giving any other details that may reasonably be required. If any person attempts to evade this rule by destroying, removing, transferring or secreting any goods, animals or commodities to which an order issued under this rule relates, he shall be deemed to have contravened this rule.

7. The Local Government, or any authority not below the rank of a District Magistrate empowered by the Local Government in this behalf, or a competent military authority may, by order in writing, prohibit or limit, in such way as it thinks fit, access to any building or place in the possession or under the control of Government, or of any local authority, or to any building or place in the occupation, whether permanent or otherwise, of His Majesty's naval or military forces or of any police force or to any public place in the vicinity of any such building or place.

8. (1) The competent military authority shall publish notice of any order made by him in pursuance of these rules in such manner as he may consider best adapted for informing persons affected by the order.

(2) Whoever, without lawful authority, defaces or otherwise tampers with any notice posted up in pursuance of these rules shall be punishable with imprisonment for a term which may extend to six months, or with fine, or with both.

9. (1) Any person entering into or departing from British India, on being required to do so by any officer appointed by the Local Government in this behalf, shall make a declaration as to whether or not he is carrying or conveying letters or other written messages intended to be transmitted by post or otherwise delivered, and, if so required, shall produce to the officer any such letters or messages ; and such officer may search any such person and any baggage with a view to ascertaining whether such person, or the person to whom the baggage belongs, is carrying or conveying any such letters or messages.

(2) The officer may examine any letters or other messages so produced to him or found on such search, and, unless satisfied that they are of an innocent nature, shall transmit them to such authority as the Local Government may, by general or special order, direct, and such authority may dispose as it thinks fit of such letters or messages.

Obstruction to, or disobedience of, authority acting under these rules.

10. No person shall—

- (a) voluntarily obstruct, or offer any resistance to, or impede, or otherwise interfere with, or
- (b) withhold any information in his possession which he is required to furnish under the provisions of any of these rules from, or
- (c) wilfully give false or misleading information to, or
- (d) fail or neglect to comply with any order issued, by

any authority or any officer or other person who is carrying out the orders of such authority or who is otherwise acting in accordance with his duty under any of the provisions of these rules.

11. (1) Whoever is found trespassing on any railway, or loitering on, under or near any tunnel, bridge, viaduct or culvert, in circumstances which afford reason to believe that he is so trespassing or loitering with a view to committing an offence, shall be punishable with imprisonment for a term which may extend to seven years, or with fine, or with both.

(2) The expression "offence" for the purposes of this rule means anything punishable under any law for the time being in force with imprisonment for a term of six months or upwards, whether with or without fine.

12. (1) No person shall, without the permission of the competent military authority, make any photograph, sketch, plan, model, or other representation of any naval or military work, or of any dock or harbour work, in or in connection with a defended harbour, or with intent to assist the enemy, of any other place or thing, and if any person without lawful authority or excuse has in his possession any representation of any such work of such a nature as is calculated to be useful to the enemy he shall be deemed to have contravened this rule.

(2) For the purpose of this rule, the expression 'harbour work' includes lights, buoys, beacons, marks, and other things for the purpose of facilitating navigation in or into a harbour.

13. (1) No person shall, without lawful authority, transmit, otherwise than through the post, or convey to or from British India, or receive or have in his possession for such transmittal or conveyance any letter or written message from or originating with, or to or intended for—

Prohibition of non-postal communications with enemy.

- (a) any person or body of persons, of whatever nationality, resident or carrying on business in any country for the time being at war with His Majesty, or acting on behalf or in the interests of any person or body of persons so resident or carrying on business; or
- (b) any person or body of persons whose Sovereign or State is at war with His Majesty, and who resides or carries on business in British India;

Provided that a person shall not be deemed to be guilty of a contravention of this rule if he proves that he did not know, and had no reason to suspect, that the letter or message in question was such a letter or message as aforesaid.

(2) This rule is in addition to, and not in derogation of, any provisions contained in the Indian Post Office Act, 1898 (VI of 1898), and shall not prejudice any right to take proceedings under that Act in respect of any transaction which is an offence under that Act.

14. No person shall send from British India, whether by post or otherwise, any document containing any matter written in any medium which is not visible unless subjected to heat or other treatment.

Prohibition of transmission of messages in secret writing.

15. No person shall voluntarily impede, hamper or obstruct the training of His Majesty's naval or military forces, or of the Imperial Service Troops.

Obstruction of training.

16. No person shall dissuade, or attempt to dissuade, any person from entering the military or police service of His Majesty :

Dissuasion from enlistment.

Provided that nothing in this rule shall apply to advice true in substance and given in good faith for the benefit of the individual to whom it is given.

17. No person shall induce or attempt to induce any person in the service of His Majesty to disregard or fail in his duty as such servant.

Tampering with Government servants.

18. Any person who attempts to commit, or abets or attempts to abet the commission of any act prohibited by these rules shall be deemed to have acted in contravention of these rules in like manner as if he had himself committed the act.

Attempts.

19. Whoever contravenes any of these rules shall, where no express provision is made herein for the punishment of such contravention, be punishable with imprisonment for a term which may extend to three years, or with fine, or with both.

Penalty for contravention not otherwise provided for

20. No Court shall take cognizance of any offence punishable under these rules unless the Local Government, a Chief Presidency Magistrate, a District Magistrate or a competent military authority not being below the rank of a Lieutenant-Colonel has, by order in writing, consented to the initiation of the proceedings.

Cognizance of contraventions of the rules.

21. The General Clauses Act, 1897 (X of 1897), shall apply for the purpose of the interpretation of these rules in like manner as it applies for the purpose of the interpretation of an Act of the Governor-General in Council.

Interpretation of the rules.

No. 1733M.—The 26th July 1915.—In exercise of the power conferred by clause (a) of section 59 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council is pleased to approve the resolution passed by the Commissioners of the Kalna Municipality, in the district of Burdwan, under section 23 of that Act, electing Babu Jatindra Nath Basu Mallik to be their Chairman.

No. 1736M.—The 26th July 1915.—In exercise of the power conferred by sub-section (2) of section 9A of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council is pleased to alter the number of the Commissioners of the Kushtia Municipality in the district of Nadia from 12 to 15.

No. 1738M.—The 26th July 1915.—In exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council makes the following rules subject to which the Commissioners of the Barisal Municipality may allow communication-pipes to be laid down from the

service-pipes of the Commissioners for the purpose of leading water to premises within the Municipality for domestic purposes only :—

Rules for the grant to private premises in the Barisal Municipality of house-connections for domestic purposes in connection with the filtered water-supply.

1. So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may allow any owner or occupier of a house paying a water-rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such house, when such annual value is not less than Rs. 100, to lay down communication-pipes from the service-pipes of the Commissioners for the purpose of leading water to such house for domestic purposes only, subject to the following rules and conditions.

2. The owner or occupier of any house requiring water to be laid on to such house for domestic purposes, or requiring any addition or alteration to an existing water-supply, must apply for the same on a printed form to be supplied free of cost at the Municipal office. Every such applicant for a house-connection shall pay a sum equal to one-third of the annual valuation of his holding, or in case where the one-third of the valuation is below Rs. 100, the sum of Rs. 100.

3. A fee of Rs. 5 per cent. on the estimated cost for all works covering the house-connections must be paid to the Commissioners by such owner or occupier for each house-connection before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

4. Each house must have a separate connection, and extensions from the communication-pipes of one house to another shall not be permitted.

5. The owner or occupier of the house in respect of which the connection is required must pay the entire cost of the connection, including the supply and fixing of the fittings referred to in rule 7. and must also pay the cost of such alterations in, or repairs to, roads, drains, sewers, gas or water-mains or pipes, and the cost of such other works as may be necessitated by, or result from, the work of making such connection.

6. (1) The work required may, at the option of the Commissioners, either be carried out by the Commissioners themselves at the expense of the owner or occupier of the house in respect of which the work is required, or may be carried out by a person or firm employed by such owner or occupier and approved by the Commissioners.

(2) The work must be done under the supervision of an officer appointed by the Commissioners in this behalf, and no connection must be made with the Municipal water-main, except at such time as may be appointed and in such position as may be selected by an authorised Municipal officer.

7. A house-connection shall comprise the following parts of fittings :—

- (a) a brass or gun-metal ferrule inserted in the main supply pipe,
- (b) a galvanized iron communication-pipe from the ferrule to the metre,
- (c) a stop-cock and its surface-box,
- (d) a metre,
- (e) service-pipe from the stop-cock to the taps, and
- (f) taps.

8. (1) All the fittings referred to in rule 7 shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them in meeting.

(2) All fittings shall be inspected and tested and stamped by an officer of the Municipality before being fixed.

(3) If any owner or occupier shall desire to adopt any fitting of a pattern different from the standard pattern, he must present such fitting for the approval of the Chairman, and any fittings so presented may, if considered satisfactory by the Chairman, be stamped, and samples thereof may be purchased and placed among the standard fittings.

9. The size of ferrules and the diameter of communication-pipes referred to in clauses (a) and (b) of rule 7 and the number of taps shall be fixed according to the following scale:—

Annual valuation.		Size of ferrule.		Diameter of communication-pipe.	Number of taps.
Under Rs. 300	...	...	1"	1"	1
From „ 300—499	...	...	2"	2"	2
„ „ 500—1,500	...	...	3"	3"	3
Over „ 1,500	...	...	4"	1"	4

10. The house-connection, when fitted in position, must be capable of standing a pressure of 100 feet, and no water shall be supplied until this test has been applied by the Commissioners.

11. (1) On every communication-pipe a brass or gun-metal stop-cock having the same waterway as such pipe shall be placed as near as practicable to the point where that pipe enters the house to be supplied.

(2) The stop-cock shall be built in a brick chamber provided with a cast-iron surface cover-box so designed that it can be locked, and the key of this box shall remain under the control of the Chairman.

(3) The stop-cock shall be capable of adjustment, so that the supply to the house may be regulated thereby.

12. (1) The metre shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined.

(2) The metre must be fixed in a brick chamber covered over with a cast-iron surface-box of approved pattern.

(3) Subject to the provisions of rule 13, no metre must be touched or interfered with in any way except with the permission of the Chairman.

13. The Commissioners shall depute an authorised person to read every metre not less than once a quarter, and shall give notice to the occupier at least twenty-four hours before the reading is recorded.

14. (1) Every owner or occupier of any holding in respect of which a connection has been made under these rules shall be entitled to a supply of—

(a) 756 gallons of water per quarter for each rupee, and

(b) a further proportionate number of gallons per quarter for every additional fraction of a rupee.

paid by him quarterly as water-rate in respect of such holding.

(2) For all water in excess of the amount allowed under sub-rule (1) such owner or occupier shall be charged quarterly as follows:—

	Per 100 gallons.
	Rs. A.
(a) For any excess quantity of water not exceeding one-half of the amount of the free allowance	0 6
(b) For any excess quantity of water exceeding one-half of the amount of the free allowance, but not exceeding the amount of the free allowance	0 8
(c) For any excess quantity of water exceeding the amount of the free allowance, but not exceeding twice the amount	0 12
(d) For any excess quantity of water exceeding twice the amount of the free allowance	1 4

15. If the owner or occupier of any house which is supplied with water under these rules shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of 14 days after he has been served with a notice of demand for the same, the Commissioners may, at any time after the expiration of that period and without further notices, disconnect any pipe forming part of the connection made in respect of such houses and may recover the cost of disconnecting such pipe from such owner or occupier:

Provided that the disconnection of such pipe shall not relieve any persons from any liabilities which he may have incurred under these rules. •

16. Every tap shall be of the same size as the pipe to which it is attached and shall be of brass and of the pattern known as screw-down. Every tap shall be at least 3 feet above the road level.

17. The owner or occupier of buildings having communication-pipes shall not be allowed to store water in masonry reservoirs, except with the special sanction of the Municipal Commissioners.

NOTICE.

HOOGHLY COLLEGE.

THE Hooghly College will reopen on Thursday, the 1st July 1915, after the Summer Vacation.

Affiliations.—The College is affiliated in the subjects noted below :—

- (a) B. A. Examination :—English, Vernacular Composition, History, Mathematics (Pass and Honours), Sanskrit (Pass and Honours), Persian, Physics and Chemistry.
- (b) B. Sc. Examination :—Physics, Mathematics (Pass and Honours) and Chemistry.
- (c) I. A. Examination :—English, Vernacular Composition, History, Sanskrit, Persian, Mathematics, Physics and Chemistry.
- (d) I. Sc. Examination :—English, Vernacular Composition, Chemistry, Mathematics and Physics.

All possible combinations of subjects are permitted ; but, as a rule, the I. A. students are not allowed to take up Physics.

The monthly tuition fee is Rs. 6. The annual fee for games is Re. 1-4 and for the Common-room Re. 1. The admission fee for new students is Rs. 7 including Re. 1 for the Athletic Club.

There are two Hostels attached to the College and quite close to it—one for the Hindu students and the other for the Muhammadan students. The Hostels are situated in healthy localities close to the river. The climate of Chinsura has improved owing to the recent installation of water-works. No seat-rent is charged in either Hostel. The messing and establishment charges of the Hindu Hostel amount to about Rs. 10-8, and those of the Muhammadan Hostel about Rs. 7-8, per month.

Students will be admitted from the 14th of June next. Application should be made on a printed form, which will be supplied on receipt of a half-anna postage stamp or on personal application at the College office.

On account of the addition of a new block to the College Laboratory, a larger number of B. A. and B. Sc. students will be admitted in the next session than has hitherto been possible.

There are Pleaders'hip Classes attached to the College, the monthly tuition fee of which is Rs. 7.

AN examination in the knowledge of English idiom and in pronunciation for teachers of secondary schools who have to teach English or other subjects through the medium of English will be held at the office of the Inspector of European Schools, Bengal, 285, Bowbazar Street, Calcutta, on Friday, the 6th of August 1915, at noon.

Teachers who intend to present themselves for examination should send, at least a week before the examination, a statement containing the following information and should also bring with them their University certificates on the day of the examination :—

Name in full.	Last University examination passed.
Name of father in full.	Year of passing.
Name of native village and district.	Signature of the applicant.
	Designation and full address.

Candidates should also state whether they have sat for this examination before, and if so, how often, giving dates.

No candidate shall be allowed to appear at the examination more than once in a calendar year, or more than three times in all.

A. MERCER,

Inspector of European Schools, Bengal.

285, BOW BAZAR STREET, CALCUTTA,

The 13th July 1915.

PROSPECTUS OF THE GOVERNMENT COMMERCIAL INSTITUTE.

THE Government Commercial Institute, Calcutta, affords a training of a practical and businesslike character, well up to date and capable of direct application to the commerce and trade of the city. It is neither a business college in which the academic element exceeds the vocational in relative importance nor a secondary school of commerce, but a higher school of commerce in which the vocational element predominates *but in a liberal manner*.

2. There is a specialised Day Course extending over two years, ending in the Commercial Course Final Examination. Provision is also made for more advanced and more technical instruction by means of evening lectures on Advanced Book-keeping, high speed in Shorthand and Typewriting, Political Economy, Mercantile Law, Annuities and Insurance, Banking and Currency, and Accountancy, ending annually in Special Examinations in each of the subjects. These lectures are intended to give persons already employed in business a chance of improving their efficiency as first-rate Shorthand-writers, Typists, Book-keepers, or Auditors, and of gaining an intelligent insight into the economical, financial and legal principles on which commerce is based.

3. The aim of the Institute is to turn out a type of young man who, if he has received a thorough grounding in the ordinary school subjects, especially in English, has the makings of a useful assistant either in commercial or in Government offices, and who, if he is willing to avail himself of the facilities offered for more advanced and more technical instruction by means of evening lectures, may become well equipped to be a businessman.

THE DAY COURSE.

1. There are two day classes—a first-year class and a second-year class. Papers are now before the Government proposing the following course of study, which, if sanctioned, will be introduced for the coming session :—

COMPULSORY SUBJECTS.

- (1) Modern English, and especially English correspondence, including commercial correspondence, letter drafting and *précis*-writing.
- (2) Arithmetic, including commercial and mental arithmetic.
- (3) An Indian Vernacular, such as Bengali, Hindi, Urdu, Uriya, &c.
- (A special paper for Anglo-Indian candidates.)
- (4) Commercial Geography.
- (5) Book-keeping.

OPTIONAL SUBJECTS.

- (1) Shorthand.
 - (2) Typewriting.
- (The marks obtained in optional subjects will count towards scholarships, a class, or a mark of distinction.)

Note—The course of study has hitherto been as follows :—

- (1) Modern English, and especially English correspondence, including commercial correspondence, letter drafting and *précis*-writing.
- (2) Arithmetic including commercial and mental arithmetic.
- (3) One of the following languages, namely, Bengali, Hindi, Urdu, Uriya, French, German or Latin.
- (4) One of the following subjects, namely, book-keeping, shorthand-writing or typewriting.
- (5) Commercial Geography.

English.—The English teaching is as severely practical as it can be made. In the first-year class, the students regularly practise dictation and essay-writing. They also practise writing easy letters, both official and business, as between a private man and a firm, and making index and *précis* of such letters.

In the second-year class they study the advanced stages of Commercial Practice or Business Methods and are drilled constantly to work out complete transactions, enabling them to appreciate not only the exact relation which one item bears to another but also the place of each in the completed whole, the transactions given in outline furnishing material for unaided work on the part of the students. They now practise making index and continuous *précis*, not only of all the series of letters arising in the transactions given but also of longer official letters and their replies from such bodies as Chambers of Commerce and other Associations. Their papers are corrected and returned soon after they are submitted. No text-books being prescribed, the students are under no temptation to cram, their capacity to write simple correct English with perspicuity and brevity thus developing under careful guidance.

Modern Bengali, including Bengali commercial correspondence, etc.—In Bengali “Kapalkundala” by Bankim Chandra Chatterjea is prescribed as a text-book affording a model for style and diction. Besides this language work, practices and principles obtaining in the commercial transactions covering different branches are also taught in Bengali, giving the Bengali students a further opportunity to learn them and to practise drafting business letters in their mother-tongue. They are required also to make index and *précis*, in Bengali, of commercial letters.

In order that they may be able to express themselves clearly and accurately in Bengali and in English and with a view more effectively to supplement the practical teaching in English, special attention is paid to translation of passages from English into Bengali and retranslation after some time has elapsed, and *vice versa*.

Commercial Geography.—The course in Commercial Geography deals specially with the relations of cause and effect that hold good between the general principles of geography and the occurrence, production, and exchange of commodities. It also deals in an elementary way with the history of commodities.

The Commercial Geography text-books used are “Commercial Geography of the World” by A. J. Herbertson, “A Short Commercial Geography” by L. W. Lyde, “Elementary Commercial Geography” by H. R. Mill, “A School Economic Atlas” by J. G. Bartholomew, and “A New Geography of the Indian Empire and Ceylon” by Morrison.

Commercial and Mental Arithmetic.—In Arithmetic the students are taught addition, subtraction, multiplication and division—simple and compound; approximation in multiplication and division; G. C. M. and L. C. M.; fractions—vulgar and decimal; practice; proportion—simple and compound (*i.e.*, simple rule of three and double rule of three); the metric system; percentages, commission, etc.; proportional division; profit and loss; mixtures; interest—simple and compound; present worth and discount; stocks and shares; exchange—chain rule; square root. Grant and Hill’s “Commercial Arithmetic” and “Mental Arithmetic” are used.

Shorthand.—During the first-year of the course the students are thoroughly grounded in the theory of Pitman’s Shorthand and are expected to attain a speed of 50 words per minute at the end of the year. “Pitman’s Shorthand Instructor” (centenary edition) is the text-book used. Throughout the second-year they practise speed. The minimum speed sought to be attained is 80 words per minute. The best students are found to attain a speed of 120 words a minute. In the Final Examination speed tests are held at 80, 100, 120 and 140 words per minute.

Typewriting.—The “Touch” system of Typewriting is carefully taught from the beginning. No particular text-book is used. The students are required to attain a minimum speed of 30 words per minute at the end of the two years’ course. The maximum speed prescribed for the examination,

is 55 words per minute. The intermediate standard of speed test is 40 words per minute. There is also a tabulating examination corresponding to each speed test.

Book-keeping.—The full course of the Day classes in Book-keeping includes instruction in the elementary stage. It is expected that a student shall have already received a satisfactory grounding in English and Arithmetic. A Double Entry system is taught with simple accounts and commercial transactions. Students are taught to open and keep the following books: Purchase Day Book, Sales Day Book, Cash Book, Bill Book, Journal, and Ledger. Instruction is also given in making entries for outgoing and incoming single consignments. In connection with these books instruction is given in Trial Balance and the preparation of Profit and Loss Accounts and Balance Sheets.

5. **Fee.**—The students pay an admission fee of Rs. 3. The monthly tuition fee is Rs. 3. The text-books which the students have to buy cost about Rs. 16.

6. **Attendance.**—The classes are held between 11 A.M. and 4 P.M. except on Saturdays, when they are held between 11 A.M. and 2 P.M. Students of typewriting are allowed to stay later for extra practice.

7. **Session.**—The session begins annually about the end of June and closes about the end of April. The usual Autumn and Christmas holidays are given.

8. **Standard of admission.**—Candidates who have passed the Matriculation examination are eligible for admission. Others are admitted, provided they satisfy the Education Department, by passing a preliminary test examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the teaching. Graduates and Intermediates may be admitted in the second year class provided they have sufficient knowledge in Book-keeping.

Candidates for admission should send in their applications to the Principal before the end of June.

THE EVENING COURSE.

The session begins annually about the end of June and closes about the middle of April.

9. **Evening classes.**—If a sufficient number of students join, evening classes will be formed for the following subjects: Shorthand-writing, Typewriting, Book-keeping, Accountancy and Auditing, Political Economy, Annuities and Insurance, Mercantile Law, Modern English, and Banking and Currency. Fees are paid according to the number of lectures delivered in each subject. Classes were formed last year in all the subjects except Political Economy and Modern English. A student may be a member of one or more classes at his option.

10. **Accountancy and Auditing.**—A new class will be commenced this year to prepare candidates for the Government Examination in Auditing. It has been proposed to hold examinations for a Diploma in Accountancy in Bombay and other centres, but the question has not been finally settled.

11. **Shorthand.**—Students are admitted in July and also in December every year. The examination is held in April. For the session July to November the fee is Rs. 12, payable in four instalments of Rs. 3 each. Only those having a minimum speed of 60 words per minute are admitted in July. For the session December to mid-April, the fee is Rs. 16, payable in four instalments of Rs. 4 each. Those having a speed of 80 words a minute or more are admitted in December. Speed classes are so held as to enable a student to attain any of the four grades of speed required for the Special Examination, viz., 80, 100, 120 and 140 words per minute. There is no Theory class in the evening. The class sits at 6 P.M. daily (except on Saturdays and holidays).

12. *Typewriting*.—Beginners are admitted in July. They are carefully taught the "Touch" system. Advanced students are also admitted in this session. In December, only students having a speed of at least 20 words per minute are admitted. No beginner can join this session. By mid-April, when the examination is held, the minimum speed sought to be attained is 35 words per minute and the maximum is 60 words per minute. There is an intermediate speed test at 45 words per minute. For each of the three speed tests there is a corresponding accuracy test in tabulating, which is carefully taught. The fee is the same as that of the Shorthand class; but a reduction of Re. 1 per instalment of each of the two fees payable by a student, who is simultaneously a member of both the Shorthand and Typewriting classes, is granted, and the same reduction per instalment of each of the three fees payable is made when a student is simultaneously a member of three classes, viz., Shorthand, Typewriting and Book-keeping. The Typewriting class is divided into two groups, the first of which practise from 5 to 6-30 p.m. and the second from 6-30 to 8 p.m. (except on Saturdays and holidays).

13. *Book-keeping*.—The full course of the evening classes in Book-keeping includes instruction in two stages—the Elementary and the Advanced. Preparatory to the Elementary work it is expected that a student shall have a satisfactory grounding in English and Arithmetic—

(a) The first-year class ends with the Special Examination in Elementary Book-keeping.

(b) In the second-year class, ending in the Special Examination in Advanced Book-keeping, the course includes matters as under:—

In the advanced stage there is considered the nature of capital, whether as money or property, stocks, shares, classification of capital, revenue accounts, the use of departmental ledgers, also the establishment and recoupment of sinking funds, investment accounts, public, railway, gas and water companies' accounts. Joint-stock companies' accounts are dealt with completely. Instruction is also given in joint consignments, partnerships, contracts, etc. The nature and purposes of allowances to be made for depreciation in value of property are also made clear.

The fee for the elementary Book-keeping class is Rs. 24, payable in eight instalments of Rs. 3 each, and that of the advanced Book-keeping class is Rs. 32, payable in eight instalments of Rs. 4 each. A reduction of Re. 1 per instalment of each of the two fees payable by a student who is a member simultaneously of two of the classes in Shorthand, Typewriting, or Book-keeping will be granted, and the same reduction is granted per instalment of each of the three fees payable by a student who is a member simultaneously of three of the classes in Shorthand, Typewriting and Book-keeping.

14. *Standard of admission*.—Candidates who have attended the lectures in the day course will be eligible for admission to the evening course. Others will be admitted, provided they appear qualified for the class or classes they seek to join. Candidates for admission to Typewriting and the first-year Book-keeping classes must show that they have sufficient general education. Candidates for admission to the Shorthand and the second-year Book-keeping classes must show that they have sufficient knowledge of Shorthand or Book-keeping, as the case may be.

15. *Examinations and certificates*.—The following examinations will be held annually in April:—

- | | | | |
|------|--|-------|-------------------------------|
| (1) | The Commercial Course Final Examination. | | |
| (2) | A special Examination in Mercantile Law. | | |
| (3) | Ditto | ditto | Banking and Currency. |
| (4) | Ditto | ditto | Outline of Political Economy. |
| (5) | Ditto | ditto | Annuities and Insurance. |
| (6) | Ditto | ditto | Modern English. |
| (7) | Ditto | ditto | Book-keeping (Elementary). |
| (8) | Ditto | ditto | Book-keeping (Advanced). |
| (9) | Ditto | ditto | Shorthand-writing. |
| (10) | Ditto | ditto | Typewriting. |

The fee is Rs. 5 for each Special Examination and Rs. 8 for the Final Examination. The Commercial Course Final Examination at the end of the two years' Day course and the Commercial Course Special Examinations in each of the subjects specified for evening lectures at the end of each year are controlled by the Commercial Course Advisory and Examination Board, a body consisting of educational officers and gentlemen engaged in commerce in Calcutta. On the results of these examinations certificates are granted by the Education Department, these certificates being endorsed by the Secretary, Bengal Chamber of Commerce, which body, as also the Bengal National Chamber of Commerce, have undertaken to publish the list of the successful candidates.

16. *Scholarships.*—Three scholarships of Rs. 12 each per mensem, tenable for one year, will be awarded to those among the students admitted in the first-year Day class in the Government Commercial Institute who have secured the highest number of marks in English in the Matriculation examination of the Calcutta University, and three scholarships of Rs. 20 each per mensem, tenable for one year, will be awarded to the students of the second-year Day class who will obtain the highest total number of marks at a preliminary examination to be held at the end of the first year for the purpose of awarding the scholarships and determining promotion. Holders of junior and senior University Scholarships are not eligible for these scholarships.

Prizes.—First and second prizes of Rs. 75 and Rs. 50 respectively will be offered by the Bengal Chamber of Commerce for competition by the students of the Day class and another prize of Rs. 50 will be offered by the same body for competition among the students of the Evening classes in each of the following subjects :—

Mercantile Law, Banking and Currency, Annuities and Insurance, Political Economy, Modern English, Shorthand and Advanced Book-keeping.

Three prizes are offered by the Remington Typewriter Company to be awarded to the three students of the Institute obtaining the highest marks for efficiency in Typewriting.

17. *Prospects of passed students.*—345 students have been successful in the Final and Special Examinations. All of these are now employed in various offices, both mercantile and Government. A good many of them, viz., those that had joined either the Day or Evening classes with a tolerably fair grounding in English and could therefore make the best use of the training received here, have risen above the level of ordinary clerks and are now drawing from Rs. 60 to Rs. 120. Some of them are reported to be shaping very well in their respective spheres, and are receiving rapid promotion. The Bengal Chamber of Commerce has issued a circular letter containing a request to its members to make it a rule to take the passed students of the *Day classes*, whenever possible, in preference to other clerks, and the Advisory Board has recommended that the Government should pass orders that one-third of the vacancies in the Secretariat Clerical Services (Lower grade) every year should be reserved for our successful candidates in the Final examination. The matter has been sent up for the consideration of Government.

Candidates for admission should send in their applications to the Principal before the end of June.

THE INDIAN LAW REPORTS.

Published in **FOUR SERIES**, viz.

CALCUTTA, MADRAS BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depot; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta,
or

the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra
and Oudh, Allahabad.

RESOLUTION ON THE ANNUAL REPORT ON THE POLICE ADMINISTRATION OF THE TOWN OF CALCUTTA AND ITS SUBURBS FOR THE YEAR 1914.

POLITICAL DEPARTMENT.

POLICE.

CALCUTTA, THE 22ND JULY 1915.

RESOLUTION—No. 8308P.

READ—

The Annual Report on the Police Administration of the Town of Calcutta and its Suburbs for the year 1914.

SIR F. L. HALLIDAY, K.T., C.I.E., M.V.O., held charge of the office of Commissioner of Police throughout the year. An Additional Deputy Commissioner of Police was placed on special duty for a few months in connection with a serious theft of arms and ammunition belonging to Messrs. Rodda

& Co. The most important change in the staff was an addition of 12 sub-inspectors and 260 constables to provide a "Reserve" sufficient to meet sick and leave vacancies and for recruits.

2. The Training School in the Dullunda buildings at Alipore was opened in October, and the alterations and improvements in the building will, it is hoped, be completed this year. The difficulties of recruiting suitable constables continue, and there were 261 vacancies in the ranks at the end of the year. The new building for the accommodation of sergeants was completed and opened by His Excellency the Governor in December. The Police Office, which has been located for years in an unsuitable structure, has been moved temporarily to the building formerly occupied by the Presidency Magistrates' Courts, and the old Police Office has been demolished to make way for a new building, to be constructed as soon as possible, which will provide adequate accommodation for the office and quarters of a Deputy Commissioner. The expenditure on account of houses hired for officers and men continues to increase, and now amounts to almost two lakhs of rupees.

3. True cognizable cases of all classes numbered 96,448 against 107,871 in the previous year; the decrease occurred both in serious crimes and in minor offences. Burglaries increased in the town area, but it is satisfactory to find fewer cases in the suburbs. Of the cases detected and sent up for trial nearly 90 per cent. ended in conviction. Fifty-six cases were tried at the High Court Sessions, and 46 ended in conviction. The total value of the property stolen in the town and suburbs of Calcutta was over 6½ lakhs, but the increase of Rs. 25,000 over the previous year is due mainly to two cases in which cash and jewellery to the value of Rs. 76,430 were stolen. Nearly 25 per cent. of the property stolen was recovered,—a higher proportion than in the two previous years. Nearly one-third of the stolen property consisted of cash or unidentifiable currency notes. Prosecutions for road obstruction and other public nuisances decreased considerably, owing partly to the drop in cart transport caused by the decline in trade, and partly to the sustained action of the police in the last few years. Unfavourable trade conditions also accounted for the decrease of cases under the Cruelty to Animals Act. The whole subject of the administration of this Act and of the measures in force in Calcutta for the prevention of cruelty to animals is now under the consideration of a committee appointed by Government.

4. New arrangements for Police Court work were made during the year. In January 1914, a Presidency Magistrate's Court with jurisdiction over the northern part of the town was opened in Nimtolla Ghat Street, and another with jurisdiction over the southern part of the town in Kyd Street. Subsequently the Central Court was moved from Lal Bazar to a more convenient and commodious building in Bankshall Street. These rearrangements provided more accommodation for Honorary Magistrates, and more use was in consequence made of their services, with the result that Honorary Magistrates disposed of 31 per cent. of the cases decided during the year, as compared with 6 per cent. in the previous year. This immediate response on the part of Honorary Magistrates to the measures taken to provide them with greater facilities for the discharge of their duties is a gratifying evidence of their public spirit.

5. The beginning and the close of the year were marred by anarchist outrages. In January, Inspector Nripendra Nath Ghosh of the Criminal Investigation Department was shot dead at Sova Bazar crossing, and in November an attempt was made to assassinate Babu Basanta Kumar Chatterji, a Deputy Superintendent of the Bengal Police, who was employed in the investigation of political crime; a head constable who was guarding him was killed, and two constables were wounded. In the former case, Government have already made provision for the family of the deceased officer. In the latter case, proposals with the same object are under consideration.

6. The report of the committee appointed to examine the rules relating to motor vehicles was considered during the year together with criticisms and suggestions received from various sources. The Indian Motor Vehicles

Act, 1914, was brought into force on the 1st April 1915, and the revised local rules were issued on the same day. Motor traffic has increased to such an extent that a special staff under the Commissioner of Police is required to deal with it, and an officer will shortly be appointed to supervise the work which the effective administration of the Act demands. The number of persons killed and injured in street accidents due to motor vehicles increased from 178 to 390, but the number of deaths was only 32 as against 31 in the previous year. In 26 cases of fatal accident, the driver was exonerated from blame. In the remaining 6 cases prosecutions were instituted, with the result that the driver was convicted in 2 cases and acquitted in 4. Prosecutions for breach of the motor car regulations were instituted against 1,207 persons as compared with 674 in 1913. In 17 cases of rash and negligent driving, the Magistrates imposed sentences of imprisonment.

7. A further advance in regard to the treatment of juvenile offenders has been made by the opening of a Special Juvenile Court, with a House of Detention attached in charge of a resident Superintendent, where provision has been made for the instruction and medical care of the boys sent there by the Juvenile Court. During the first six months of its existence, 377 juvenile offenders were dealt with by the Court. Further developments of the scheme are in contemplation, including the appointment of paid probation officers to look after individual cases. Legislation will be necessary in order to place the complete scheme on a legal basis, and a draft bill drawn up by a strong committee, which was appointed to examine the question of juvenile crime, has recently been received, and is now under consideration.

8. The treatment of hostile aliens on the outbreak of the war threw a heavy additional burden of work on the Commissioner. He was assisted by twelve gentlemen who rendered invaluable service as special constables in the surveillance of German and Austrian subjects. There were at one time 160 foreign sailors interned at Kidderpore House under the control of Mr. F. W. Carter, C.I.E.

9. The Calcutta Fire Brigade again rendered excellent service during the year. It was called out on 286 occasions, or 62 more than in 1913, and the average loss per call was only Rs. 4,656 as compared with Rs. 10,242 in the previous seven years.

10. The thanks of the Governor in Council are due to Sir Frederick Halliday for his administration of the Calcutta Police during the year, and to Mr. R. Clarke for his complete and interesting account of the year's work. The good services of the officers who have been commended by the Commissioner will be duly noted.

ORDER.—Ordered that a copy of the Resolution be forwarded to the Commissioner of Police, Calcutta, for information.

Ordered also that a copy of the Resolution be forwarded to the Chief Presidency Magistrate, Calcutta, and the Commissioner of the Presidency Division, for information.

Ordered also that a copy of the Resolution be published in the *Calcutta Gazette*.

By order of the Governor in Council,

J. H. KERR,

Offg. Chief Secy. to the Govt. of Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 26th July 1915.

Summary.—During the week under review heavy rain fell in the Chittagong district and in parts of the Darjeeling district. The fall was generally light to moderate elsewhere. More rain is still wanted specially in the Western Bengal districts. Transplantation of winter rice is in full swing throughout the province. Harvesting of jute and *aus* paddy is continuing in the eastern districts and has commenced in some of the western districts also. The prospects of the standing crops are generally fair to good. Damage to paddy and jute by insect pests is reported from parts of the 24-Parganas, Murshidabad, Jessore and Howrah. Cattle-disease is reported from eleven districts. The average price of common rice has remained almost stationary with a slight tendency to fall as compared with that of the previous week. The daily average of persons employed on relief works in Tippera and Noakhali during the week amounted to 658 and 1,608 respectively. The total number of persons in receipt of gratuitous relief in Noakhali during the week was 38,623.
